INTRODUCTION

Well...this escalated quickly, the 2022/23 season has been the most enthralling, bewildering, confusing, infuriating and in my case time consuming season there has been in quite a while. But how did we get here? just how did we go from a spreadsheet to help track stats in South 2 to a somewhat functional website that decided to write a book.

During the dark times of Covid I made the decision to try and run a website and while it pales in comparison to the brilliant Elite Prospects and the stellar work done by people like Mara Reynolds it was always intended to be a niche little off shoot for people who maybe wanted a little more statistical breakdown with their bog-standard numbers. The website trundled along through the Covid Series awaiting the return of a proper league campaign in September 2021, for a most part the season was a success (barring a month long gap where Wordpress decided to not let me update and a further 3 week gap where my darling fiancée broke my laptop screen) and my attention quickly turned to what could be done for 2022/23, little did I know what was to come.

The 2022/23 season from a stat nerd's perspective was a total unmitigated disaster, this has been well documented in other places and while I can't talk for other people's experiences and what they dealt with I can talk about my own. Myself and many others were left frustrated when the season started and we didn't have a replacement for the departed FixturesLive, while FL had its flaws it was largely useful and the inability to get a new service working was disappointing especially knowing FL was dying as early as November 2021 from a referee.

When the season started and there were no tables, no stats and no real way of tracking results through the leagues I like many others grew frustrated and tried to reach out to what contacts I had. In 2022 I was lucky enough to provide the statistics for all 5 men's senior playoff programmes and little did I know at the time this would be hugely beneficial to helping out with the 2022/23 season. After weeks and weeks of well let's just say nagging and shouting into the ether someone within the EIHA took notice, it took until November but finally I had gotten somewhere. I was given an EIHA email address to gain access and given just two rules to follow when uploading the data, I couldn't publish any personal data and I couldn't publish the gamesheets (the plan at the time was that the gamesheets would essentially be Spordle training for scorers), with that in mind I cracked on with what I could. Now I made it public knowledge through social media that I couldn't give out any information or access to the gamesheets and this annoyed some people which I completely understand, and I feel this is the place where I can finally talk through everything that had to be done. For 2 and a half weeks with what limited time off from work I had left and an actual holiday I did 16 hours a day sat at my desk, working through every single gamesheet and chasing up missing ones, it was long and it was arduous and very nearly saw me getting unengaged at one point, but I felt I had to do it.

Now I'd like to dispel one rumour that I did see doing the rounds of social media, I did not at any point receive any money or help from the EIHA while I did this, like many others in the sport I'm a volunteer first and foremost and no doubt I will continue to be so. I was left to my own devices and trusted to do my job and get all the info out as and when I could around my regular 9 to 5. Through all the man hours that were put in the numbers for the website jumped through the roof; I said the whole way through the rest of the season that it wasn't perfect, it was never going to be in the end I was just an idiot with a Wordpress site trying to replicate what million pound companies were doing with infinitely bigger teams.

Which leads us to this, a book. The idea came up around February time as a final curtain call something I could end this chapter of hockey on. When I came back to hockey I wanted to learn as much as I could and that involves learning from history, I brought up as many of the old Ice Hockey Annual's as I could and learnt through the league's histories, then came that really annoying voice everyone gets occasionally, all it said was "I could do something like that". Over the years I have become a master of the terrible idea, this either being my best or my worst a monster of a book that you the reader are currently sat looking at and I wanted it to be something that people might remember, so why not make it the most all encompassing British Hockey Book there has been. For the first time in quite a few years a book which has every league, all in one place for the first time (that I could find anyway) taking from the stylings of the old Ice Hockey Annuals and the statistical layout of Baseball Prospectus I give you what could very well be my curtain call. This book much like the rest of my work was never going to be perfect, it's why I made the decision to let it be a resource for everyone free of charge, I wanted to do something good, its why while I haven't put a price tag on it I have set up a donation page, not for me but for 4 separate charities, ALL the money raised will be spltd equally and given to them, so if you've read the book, looked at the website or just a random who's stumbled across this and can appreciate the amount of work all this took then please donate as much or as little as you can.

I'll end this part of the introduction with this, I called this my curtain call earlier on as I don't know what the future holds, whether the website will still be needed in future remains a mystery. I don't know if I will be able to commit the time to it all as I have done this year and most importantly I don't know where I take it from here. So, if this is the last thing I get to write or have to write then I just have to say Thank You.....all of you, for 200,000 hits on what was a silly little website and Thank You for taking the time to even glance at this, I hope that I was able to help in any way to make your understanding, enjoyment or hell even just providing pointless little titbits you can tell your mates worth it.

Now for the fun stuff

When coming up with ideas on how to set this out there were many ways it could have been taken, for a 1st year and a 1st attempt at doing it I decided to keep it simple, or as simple as I'd allow myself. The main issue with hockey in this country and more accurately hockey in the 2nd tier and lower is the lack of data to do anything majorly analytical, so here you'll

find all the standard parts you've seen on the website the last 2 seasons presented in a different way to usual. What will also be in is all the player stats from the 2019/20 season, things I was tracking and kept a record of but didn't have a website to put them on, so all the in depth stats from that year will get an airing for the first time.

Team Overview

At the heart of each section will be a team overview, every team has one in some shape or form tracking all of the teams regular season stats. It is at this point where I say WNIHL and JNIHL will have slightly altered versions, this is due in part to how late I was given access to the information and the fact I don't have as much previous season information.

Beneath the team name, you'll find the team's 2022/23 record and their finishing position in their respective league. Then it's on to the 10 important team stats that give you a picture of how the team

performed over the previous season. Each of those stats as a ranking attached to them with 1st being the best and worst being anywhere between 8th and 13th depending on league. These are all fairly simple but for those of you who've stumbled across this or are looking to learn what all the abbreviations mean they are as follows. **PP%** is a teams Power Play Percentage calculated over the season of all the times a side has scored on the man advantage, **PK%** is its natural counterpart in Penalty Kill Percentage again calculated over the season of all the times a side has not conceded with a player in the penalty box. **SFpG** is Shots For per Game, quite simple the number of shots a team has taken over the year averaged out over all the games played, again its counterpart **SApG** or Shots Against per Game is the amount of Shots a side has given up averaged over the course of the season. In a similar fashion to shots next up we have **GFpG** and **GApG** or Goals For per Game and Goals Against per Game, straightforward it's the amount of goals scored and conceded per game played. **SHGF** stands for Short Handed Goals For, a tally of how many times a team scored when in a Penalty Kill situation, similarly **SHGA** stands for Short Handed Goals Against, a tally of how many goals a side gave up when on the Power Play. The final row starts with **S%** or Shot Percentage a simple measure of the amount of goals a team has scored per the amount of shots taken and finally **SV%** or Save Percentage, goals conceded per shots conceded, this is shown in the American style format that you would see on Elite Prospects and what we've used for each year we've run the website. Below follows the top performers on each team in certain categories, to qualify a player must have played a minimum 25% of a teams league games, elsewhere through the chapter you'll see a teams stats through they years and how they've tracked, orginally these were going to be in graphs but the formatting wasn't consistant enough so a compromise has been made.

BASINGSTOKE BISON REGULAR SEASON 2022/23					
2022/23 REC: 20-34-2, 8th in NL					
PP%	19.92%	8th	PK%	77.29%	6th
SFpG	31.02	11th	SApG	36.13	7th
GFpG	3.29	10th	GApG	4.48	8th
SHGF	10	T-3rd	SHGA	13	11th
S%	10.59%	10th	SV%	.876	8th
Top Point Scorer			76 - Gael-Mukeba Lubwele		
Top Goal Scorer			36 - Gael-Mukeba Lubwele		
Top Assists			41 - Marcel Balaz		
Top Penalty Minutes			135 - Gael-Mukeba Lubwele		
Top Wins			13 - Alex Mettam		
Top Goals Against Average			4.20 - Alex Mettam		
Top Save Percentage			.886 - Alex Mettam		

Netminders

Dmitri Zimozdra Born: 8/6/1988 Age: 34 Catches: L From: Omsk, Russia

YEAR	TEAM	LG	AGE	G	A	PTS	PIMS	GP	GS	REC	GA	SA	SVS	GAA	SVP	SO	TOI
2019/20	SHE	NL	21	0	1	1	14	43	43	21-19-3	155	1,569	1,414	3.65	.901	1	2,546:15
2021/22	SHE	NL	33	0	0	0	15	42	42	25-16-1	119	1,315	1,196	2.85	.910	2	2,509:09
2022/23	SHE	NL	34	0	1	1	20	54	54	33-15-6	164	1,920	1,756	3.10	.915	1	3,171:21

Each player comes with their own stat block, above for netminders we've used the example of Dmitri Zimozdra with personal information taken from Elite Prospects including Birthdate, Age (as of May 1st 2023), and birthplace. Then it is on to the information, universal aspects for every player are Year, Team, League, Age, Goals, Assists, Points and PIMS, for goalie centric ones we start with Games Played (**GP**) and Games Started (**GS**) this is just to show the amount of times netminders Started a game and how many they played a part in total during the season. **REC**, shows the goalies record for each season in the format of W-L-OTL/SOL, Goals Against (**GA**) is the next column self explanatory the amount of goals a netminder conceded. Shots Against (**SA**) and Saves (**SVS**) take the next two slots, shots against obviously is the total number of shots a netminder faced through the season (according to submitted gamesheets) with saves being the number they successfully stopped. **GAA** or Goals Against Average is the calculation between how many goals a netminder conceded per 60 minutes in net while **SVP** or Save Percentage is similar in that it is the percentage of saves per shots faced. The last two columns are Shutouts (**SO**) and Time on Ice (**TOI**), shutouts are only counted if the netminder played the full game in net while Time on Ice is totalled up from all submitted gamesheets.

Outskaters

Tomasz Malasinski Born: 23/8/1986 Age: 36 Shoots: L From: Nowy Targ, Poland

YEAR	TEAM	LG	AGE	GP	G	A	PTS	PIMS	EHG	EHA	EHPT%	PPG	PPA	PPPT%	SHG	SHA	SHPT%	GWG
2019/20	SWI	NL	33	46	27	50	77	48	17	32		8	16		2	2		1
2021/22	SWI	NL	35	34	23	30	53	41	19	21		4	6		0	3		3
2022/23	SWI	NL	36	55	42	73	115	36	31	44		8	26		3	3		5

As with netminders all the outskaters have their own stat block, these are split between Forwards and Defenceman and again feature the same personal information that is available along with the standard bits of info, each Team has its own three initial code to identify them and these are found on the Team Codes page. Outskater stats are all similar and broken down into three categories, Even Handed Goals (**EHG**) and Even Handed Assists (**EHA**) for the amount of points scored at 5on5 or 4o4 with the percentage of those points shown next to it.

Power Play Goals (**PPG**) and Power Play Assists (**PPA**) and Short Handed Goals (**SHG**) and Short Handed Assists (**SHA**) are shown in similar ways in the columns following alongside the percentages of those points, Game Winning Goals (**GWG**) are the final column and these are as they say the amount of times a player scored the goal that won the game.

For each of the NIHL league sections we have a leaderboard section Player Stats these include the Top 10 for all categories we have tracked for the 2022/23 eason.

BASINGSTOKE BISON

by Anthony Russell

The one thing that Joe Scutts, editor and compiler of this superb resource that you're reading, proves with his work is that the numbers tell a story. Notice I say that they tell "a story" and not "the story". That's not because I'm about to peddle a line of lies, damn lies and statistics but because when it comes to the Basingstoke Bison, all numbers can do is tell part of a story.

A basic line of numbers across the season tells a story for the Herd. 20 wins in 56 games with only two points gained as extras in overtime losses, a goal difference of -67 and an 8th placed finish in the league speaks of an average team.

There were some things that the Bison did statistically well but they all came with something of a caveat. For example, Marcel Balaz was one of the top shorthanded goal scorers in the division, the Bison one of the top scorers of shorthanded goals but both likely because they were one of the most

penalised teams in the division so they had to. None of the Bison's numbers across the season were bad but they weren't good either. Nearly 20% on the powerplay is decent but a penalty kill below 78%. Averaging 31 shots a game is solid but averaging 36 against is less so.

You read the numbers, the raw data and you understand why the season ended like it did. An 8th placed finish and playoff quarter finalists, a team that lost more than it won, this was the best that a team with these numbers deserved. Trying to argue that fact feels moot.

However what these numbers don't tell is a 2022/23 for the Bison permeated not by losses, but by the idea of loss.

Whatever the optimism of pre-season that was melted away by poor form, it was Adam Jones being announced as being injured in pre-season and that he would return when ready that initially played on the minds of people. Jones, on his day arguably one of the best defencemen in the second tier of British hockey, never iced in the campaign due to that injury.

Bison hockey that always built on a mix of skill and style but also robustness saw a weekend before Christmas where a home game was postponed due to a sickness bug and then a makeshift team icing on the Sunday in Peterborough that gave maximum effort but put up minimal resistance.

Then it was the loss of Aidan Doughty, one of the division's premier powerplay scorers, lost to a broken back off of a freak hit in a must win game against Telford. Fortunately Doughty is alright and fit to return to the ice this coming September but it was another blow in a frustrating campaign where it felt that few on or off ice bounces were going the way of Ashley Tait's side.

One loss did at least bring a brief moment of catharsis and defiance. With Alex Sampford announcing his departure from the club to join the Royal Air Force, the Herd put up arguably their best performance of the season in a 9-3 rout of the Raiders with the departing Sampford scoring a hat trick on the night to wing his way to the skies.

However the biggest loss was yet to come and the one that still stings as I put these words to page. The news ahead of the playoffs that Planet Ice, the owners of the club, were withdrawing the team from the 2023/24 National Division campaign due to long needed work to be completed on refurbishing the rink in Basingstoke with a view to return in September 2024. That week will stand as one of the hardest things I have ever been involved with in my time in this sport.

That Sunday evening, thoroughly put to the sword by Leeds the night before, a rink as full as possible came to what was the loudest wake you've ever seen. The Knights, professional to the last, played their part and joined the mourning. The feeling of loss that night was palpable and until this team returns it is a loss that will arguably hang over the sport in the country.

However, loss doesn't mean that all is lost. The cynic in you, dear reader, might give up the Bison for dead and such is your right. If they do come back then the job of rebuilding the team will need to be as drastic as the one needed to repair their well worn home.

by Anneka Higham-Hook

The 2022/23 season was somewhat of a rollercoaster for the Bees IHC. The Bees battled through being short benched for a lot of the games they played due to sickness and injury.

Unfortunately for the Bees, Dan Weller-Evans decided the time had come for him to retire from the game during the early part of the season leaving them a netminder down a position which would be covered by James Tipple and eventually taken up by Matt Smital for the remainder of the season.

Already battling a short bench due to injury there was more disappointment for the Bees when part way through the season the Bees found themselves without Dominik Gabaj after he was given a lengthy 10 game ban. They battled through this time with the help of some of the Slough Jets players stepping up to play as two way players, they also enlisted the help of Scott Spearing to assist with injury cover.

BEES IHC REGULAR SEASON 2022/23

Top Penalty Minutes			90 - J.J Pitchley		
Top Wins			8 - Adam Goss		
Top Goals Against Average			4.48 - Adam Goss		
Top Save Percentage			.877 - Adam Goss/Matt Smital		

During Dominik's ban the Bees had another change to navigate as Dominik stepped up from assistant to coach with Doug Sheppard announcing he had stepped back. Dominik took on this role immediately and when he returned to the ice after his 10 game ban the Bees seemed more positive and seemed to do better on the ice at first. Despite all the change the Bees came out each game ready to try and take the win and left all they had on the ice.

The Bees were determined to climb up the table to achieve a place in the playoffs and despite some really good games it would be a goal that was out of reach for them even though on paper it looked like the win should have been theirs. Brendan Walkom was the Bees best scorer throughout the season and racked up almost 90 points by the end of the season. Will Stead proved to be a fantastic all round player stepping up to play defence and forward and being successful in securing goals for the team.

2022/23	10.65%

There were a few games when it seemed the team just hadn't gelled properly in the first period but they pulled it out of the bag and won the game - equally there were games where they went all out in the first two periods and grew tired by the third allowing mistakes to be made and the game to be lost.

Towards the end of the season it seemed that the Bees would be finishing eleventh in the league with their chances of being in the play offs faded and the battle began to finish higher than eleventh place. They ended up finishing in 10th one place above the Hull Seahawks with only one point in it.

As a Bees Fan it's easy to become disheartened and disappointed at the results that have been shown. All we can do now is to hope for a better season with new signings in the 2023/24 season.

BRISTOL PITBULLS

by Maddie Marles

The 22/23 season was the Bristol Pitbulls first season in the National League after a successful season in the Southern League on their return to Bristol.

Head coach Jamie Elson came into the new season with the emphasis placed on young talent with the intention of building a legacy for the future. He retained the services of youngsters Mason Lipsey, Jay Warren, Sam Smith, Josh Shaw, Tyler Perre and Bailey Hind-Pitcher as well as bringing in last season's Southern League top goal scorer Elliot Lewis.

The Pitbulls also formed a strong link with Elite League team Cardiff Devils allowing Recce Kelly, Ed Bradley and Will Kerlin to be added to the roster as well as signing Manchester Storm's Ben Solder. For additional fire power former Dundee Stars forward Caly Robertson was drafted into the squad alongside utility player Sean Morris after spells in Canada

and America. For the first time the Bristol side were able to bring in imports. Elson signed Canadian imports Alex Roberts and Owen Sobchak to give the side more experience. The starting roster was completed by the addition of two-ways from Slough Jets including Christian Mohr, Luke Smital and Jacob White-Sey as well as the returning Tamas Elias and Joe Morris.

The Pitbulls got off to a slow start, losing their opening three games of the season. The first game of October saw them pick up their first points of the season after defeating Bees IHC in a close battle that went to overtime and penalties. October continued to be a month of firsts for the Bristol team as they defeated Swindon Wildcats 7-3 to take the victory in the first "War on the M4". They also picked up two wins on the road against Basingstoke Bison and newcomers Hull Seahawks, helping them to climb up the league table. October also saw the Pitbulls announce the signing of new mascot Spike.

November was a busy month and not just for the games as in the space of three weeks it seemed like there was a revolving door at the Pound with players coming and going.

^ - Season in South 2

Within the space of two days the Pitbulls said farewell to Tommy Ralph and Dan Bradley who both returned to Hull Seahawks and Bees IHC respectively. As Ralph left Morgan Clarke-Pizzo was recruited to join the side on a two-way with Guildford Flames. The following week the Pitbulls made an announcement that their first import signing Alex Roberts would be departing from the club, eventually making the move to Raiders IHC. Almost immediately after, exciting GB U20's forward Bayley Harewood arrived on a two-way deal with Cardiff Devils. With an import place available Jamie Elson pulled off a master stroke, signing Canadian import Nik Coric. Despite Coric being a quiet personality off the ice, it was a different matter on it as he proved to be a huge asset for the club both scoring and assisting. November also saw Tyler Perre welcomed back to the squad after returning from a long term absence. With all of the comings and goings it perhaps wasn't surprising that the results were affected, seeing Pitbulls winning just one of their matches that month. Although they picked up single points in two games against Sheffield Steeldogs their only two pointer was against the Bees, away and this came after penalties again.

December really was a festive time for the Pitbulls fans as the team appeared to give them present after present. An away win against Hull 5-1 was followed by the only four point weekend for the boys, seeing them win the second derby at Swindon 6-3 before a hefty 7-1 victory. Christmas break saw a home defeat to Telford Tigers in front of yet another sell out crowd but spirits were soon lifted as the Bristol team bounced back in style with a crushing 9-1 away victory against the same opposition.

The new year started off in the best way for the Pitbulls as they won their third battle against local rivals the Wildcats on New Year's Day. In a tightly contested game that looked like it was heading to overtime, Captain Canada (Owen Sobchak) fired in a goal to end the game. Unfortunately two weeks later a knee injury meant he'd be missing until the final weekend of the season. The month had some huge results for the team, including a 7-5 victory over Tigers and an incredible topsy-turvy 7-6

triumph over Raiders. On the flip side the Pitbulls suffered their biggest defeat of the season, with a 15-2 reverse to Milton Keynes Lightning away.

The second week of February saw the Bristol team announce veteran Max Birbraer as injury cover for Sobchak. Birbraer made his mark with immediate effect by scoring the overtime winner against the Bees, helping the Pitbulls pull away from them in the league. Despite the other results during that month not going to plan, the team were still in a strong position to qualify for the final play off space.

March started on a high for the Pitbulls after a scintillating 9-6 victory over Raiders, making their

play off dreams stronger but the dreams were slowly shattered after a series of overtime losses versus Lightning, Bees and strong competition Bison. March also saw the sixth and final battle between the Cats and Dogs with Swindon tying it at three victories a piece. With just two games in the final month and play off chances out of reach, the Pitbulls signed off with an emphatic 8-5 victory at home against Peterborough Phantoms, giving them their first victory against a top four team.

Overall, the Pitbulls exceeded everybody's expectations and had a strong season especially considering it was most of the players debut season in the National League. Hopefully the 23/24 season will see the dogs improve even more and see those close battles turn into victories. The sport has also become a huge success since returning to Bristol with the Pound selling out for the majority of the season and wanting fans to come back for more each week.

Individual player wise, three players hit the 50 point or over mark; Caly Robertson achieving top goal scorer after netting 32 goals to go with his 28 assists, Nik Coric who despite only joining at the end of November finished top point scorer for the club with 24 goals and 38 assists and Owen Sobchak hitting exactly 50 points (22 goals and 28 assists) even with being out for three months due to injury. Notable mentions should be given to defenceman Ed Bradley who chipped in with 25 assists and forwards Mason Lipsey and Jay Warren who's form visibly improved throughout the season despite the step up.

HULL SEAHAWKS

by Connor Lynn

A tale of two halves would be the way to describe the season for the Hull Seahawks. The inaugural season was faced with challenges, and the league position certainly reflects that, but there are many positives for the club to reflect fondly on.

The club formed by the partnership of Matty Davies, Joe Lamplough and Ian Mowforth successfully brought National League level Ice Hockey back to Hull, and even more impressively in a time frame of a matter of months. The name, the Hull Seahawks, a throwback evoking memories of glory days featuring the Humberside Seahawks.

The club built a squad capable of competing in the NIHL led by player/head coach and local hero Matty Davies, filled the Hull Ice Arena with high expectations. However injuries and home office delays were to throw a major spanner in the works for Davies and his team. Games with just eleven skaters were always going to be a struggle for any side.

However it did give young talents who had previously appeared for the Hull Jets in NIHL2; Owen Bruton, Alex Kent and Declan Jones, more minutes than they could have hoped for in a tough opening two months that saw the club begin thirteen games without a point.

That would change with a trip to the Bristol Pitbulls, when a 3-2 shootout win would give the Seahawks their first franchise victory. Two weeks later, a first home win would follow with a 6-3 win against the Bees IHC. Just as things began to improve for the Seahawks, forward Emil Svec, the first of the clubs imports to arrive, received a ten game ban for a hit that occurred during their debut against Telford. Former Hull Pirate Andrej Themar, the second import, would arrive to join the team in late November at a time when they were desperate for proven goal-scorers. A third win would follow against Basingstoke but the Seahawks would find themselves three wins from twenty four games midway through December. A bleak position to be in despite their challenges.

2019/20 numbers of Hull Pirates

The club then took advantage of the four games remaining before the Christmas break, taking the maximum eight points available. Wins included a spectacular performance against the Bees IHC, during which netminder Jordan McLaughlin got the franchise's first shutout. The final game before the festive break saw a 7-2 thrashing of the high flying Peterborough Phantoms. This would be the first weekend in which the Seahawks got both of their imports on the ice together, a major boost for the team. It also saw the two-way signing of young local starlet Finlay Ulrick from the Manchester Storm, which helped bolster the forward lines even more. The final victory of the four also saw them lift themselves off of the foot of the table, and within five points of the playoffs at roughly the halfway stage of the season.

However, the period after the festive break would prove to be difficult, with eight of their first nine games pitting the Seahawks against top four opposition. It would be a period in which the Seahawks would also be without forwards James Archer and Nathan Salem, the latter being a particularly important absence for the club as he was a consistent scorer in the lineup. It would also see Head Coach Matty Davies hang up the skates for the final time due to injury, with a hard fought final game against his former side the Leeds Knights. The period proved critical in dampening the Seahawks playoff aspirations with a twelve game losing streak that saw them begin to fall well behind of eighth spot again.

The Seahawks would attempt to battle back in February and March, winning seven out of their last sixteen games. A run which would see them finish twelve points behind eighth spot, the same gap as they found themselves adrift at the start of the period. Throughout this period, Emil Svec would go on a scoring rampage that saw him score at over two points per game, and hit the 50 point mark on the season, a milestone only he and Nathan Salem would achieve for the Seahawks.

During this period Matty Davies would announce the first four players he would re-sign for the 23/24 season.

Captain Sam Towner, affectionately known now to the fans as ‘The Pointsman’, would be the first name on the team sheet, having proved himself as a dependable leader on and off the ice. Declan Balmer would prove himself to be one of the toughest defencemen in the league, earning himself the clubs D-man of the year award in the process. Nathan Salem would win the fans hearts in Hull once again through his tough, close to the edge play and his point per game scoring. Jordan McLaughlin would mop up the fans and club’s player of the year awards in his first season as a starting netminder at this level.

2019/20 numbers of Hull Pirates

The postseason would prove to be fruitful for Seahawks fans, as local cult hero’s Bobby

Chamberlain and Lee Bonner put pen to paper to return to their hometown. Great Britain under 18’s star Owen Bruton, experienced hometown favourite Finlay Ulrick and last years top point scorer Emil Svec also return in what is a sign that better things are around the corner. Two new Canadian imports in NCAA Division 1 Center Bobby Young and two-way defenceman Brock Bartholomew will look to add some more quality to the squad.

The prospect of a full offseason for Matty Davies to put together and gel his squad, the confidence of having had a stronger finish to the season and the knowledge that lightning rarely strikes twice in the case of injury crises and visa delays will all give Seahawks fans reasons to look forward to next year. 2023/2024 promises to be a very different season for Hull Seahawks fans.

LEEDS KNIGHTS

by Matt Bancroft

Champions!!!

It all happened a bit sooner than expected, but there has been something very special developing over the last couple of years down at the Castle.

The introduction of an ice hockey team into the city of Leeds didn't get off on the right footing, with Covid and delays in completion of the rink meaning the team had a difficult start in its existence.

However, the ownership of Steve Nell brought a sense of calm purpose off the ice, which has led to the development of a wonderful on-ice product that is ensuring the home barn is filled more often than not.

2021/22 saw some really positive signs for the future, but the young team suffered with injuries and fatigue at the end, and with this in mind, fans were hopeful for a title

challenge – hopeful, but not expectant. After all, with the welcome introduction of Hull Seahawks, the team had lost good quality, experienced players in Matty Davies, Bobby Streetly and Jordan Fisher and the likes of Telford and MK looked strong again.

However, the team kicked off the season in scintillating form, winning the Yorkshire Cup pre-season tournament and winning the first 12 games in a row in the League, before an OT loss at MK and this start to the season took the team to the semi-finals of the National Cup.

The team was absolutely relentless, particularly in the forecheck in the early games. The line of Brooks – Cole Shudra – Cooper was just as impressive in defence as they were in attack. There was many a time when these 3 would pressure and harass defenders trying to clear their defending zone but were forced into a mistake which led to a goal.

The introduction of the 2 Canadians of Brooks and Cooper into the squad was of particular interest, and they hit the ground running and then some.

Grant Cooper’s resume suggested that he was going to be a success and so it proved with 71 points in 32 games until mid January. There were Cooper-man posters, shirts and gifts in the Castle and there was an expectation that he would score on every shift. His experience and eye for goal was vital to the blistering start and in the end, he was too good for NIHL and left to carry on the winning hockey over in Belfast. There can’t be many other players to have been involved in the winning for 5 trophies in a year.

Cooper’s blistering start allowed the others to find their feet in the team and the league, allowing the lines to approach, the team were still ahead in the league, but the Phantoms and Lightning were never too far away. There was always one eye on other games as the top 3 pulled away.

With Cooper gone, Mac Howlett and Jake Witkowski were brought in and the spotlight shifted to the captain, Kieran Brown, and he stepped up, as always, finishing the season with 121 points, whilst playing in every one of the 56 League games. Witkowski, brought his silky skills over from the US and Howlett with his lightning pace coming down from the Elite League were a perfect pair for Matt Haywood, who amassed a huge total of 113 points in 54 games. His calm persona mixed in perfectly with the youthful nature of the squad and when he had a chance on goal in a big moment, you knew he would take it.

Using Matt Haywood as an example, it is perhaps time to comment on the commitment of all the players playing at this level. Quite often they are travelling up and down the country to practice and play, spending all weekends on a bus or at a rink, all whilst keeping down a job and having a family. As fans, we are lucky to have such people playing a game that we love to watch.

As February came around, the talk from fans of other clubs was that the hectic February half-term period would be a chance for MK and Peterborough to catch up.

The number of games was horrendous, with 8 games in 16 days including a trip to Sheffield on a Tuesday night followed by a trip to Raiders on the following evening, but the team found a way to manage the games and keep their noses in front, winning 6 out of the 8, with the only defeats coming home and away to the Steeldogs.

One of the keys of keeping ahead of the chasing pack was the netminder duo of Sam Gospel and Harrison Walker, with a 2.51 and 2.56 respectively. With Gospel arguably the best nettie in the league, the Knights were always in games, as shown by the fact that their largest league defeat was 4-1 against Swindon. Gospel is the envy of many teams, but with Walker, there was confidence that if Gospel was to get injured, there was an adequate replacement and the ship would keep on sailing.

The Knights were lucky not to suffer any serious injuries in the year although there were periods when the team was without certain players throughout the season. It reflects on the family nature of the team and its positive relationship with its fans that the biggest cheers of the year was when Adam Barnes and Zach Brooks each scored their first goals after a period of absence. It is important to remember that players are not robots and factors outside the game affect what happens in the game, both positively and negatively.

In the end, the title was won with 2 weekends to spare, away at Telford, the previous champions. As has become tradition for the Knights in 2022/23, this was followed by a car park party at around midnight, when the team bus made its way back. Such is the growth of the game from the previous Leeds Chiefs days, was that there was probably more fans in the car park celebrating than at some of the early Chiefs games. However, given the amount of celebrations on the bus on the way back, I suspect some of the players were seeing double at that point!!

The league title win came a week after Cup final defeat against the Phantoms, The Phantoms were on fire in the first leg, winning 6-0 in Peterborough, and putting one hand on the cup. However, with 2,000 fans packed into Elland Road, there was an anticipation that something magical could happen. The players put everything into the game and whilst it wasn't the best technical performance, they were within 1 goal entering the final minute. Sadly, an empty netter gave Peterborough a deserved win, but the taste of defeat would keep the team hungry for the play-offs.

The playoffs started with a relatively smooth win against the Bison, but the story of that win was not getting through to Coventry, but the news that broke earlier that week that the Bison were not to enter the 23/24 competition due to proposed development of their rink. The entire NIHL fanbase hopes that the Bison return in 2024/25 in a fit for purpose rink in Basingstoke.

For many fans of the Knights, as well as the players, it was their first experience of Coventry for play-off final weekend. The tension and excitement of all the games was absolutely amazing. I think most of the crowd who had a vested interest aged about 10 years during the weekend, whilst those who supported the event with their team not present could enjoy the event!!

The semi-final against Telford was a back and forth game with chances and goals at regular intervals. Telford, under the coaching of Tom Watkins, had got progressively better in the latter stages of the season and everyone knew it was going to be a difficult game. Vladimir Luka and Rory Hermann were on fire during the game for the Tigers, but champions find a way, and the Knights emerged victors 7-6.

The final was against the Raiders, although it felt as though the whole of the NIHL was against the Knights, by the sound made by the respective fans. A blistering start put the Knights 3-0 up within 5 minutes and only a well timed timeout by Raiders coach Sean Easton stopped the bleeding and got the Raiders into the game. The Raiders kept on chipping away at the Knights and somehow didn't manage to score in the last 5 minutes, where the Knights were camped in their own defensive third, and the game finished 5-4. Again, a car park party took place up at the Castle as most of the fans made their way up from Coventry to celebrate with the team!

As important as the on-ice activities are, the off-ice growth is just as important. Tickets were like gold dust following Christmas and it is key that this is maintained. Hockey is still a new sport in the city and it needs time to get embedded. However, the conditions are prime for this, with the football team struggling on the pitch, Knights tickets being reasonably priced and the rink being relatively new and comfortable for newcomers. With the right mix of success on the ice, continued excellent promotion of the team on social media and improved economic conditions, the team has a very bright future in the city.

MILTON KEYNES LIGHTNING

by Mike Walls

Despite a change in coaching setup, with Lewis Clifford and assistant Ross Bowers being replaced by Tim Wallace as player-head coach and Joe Wilson coming in as assistant, there was a lot of familiarity in the Lightning line up when compared to the team that made the play-off final in 2022.

There was cause for optimism with the Lightning fanbase with the team retaining British forwards Liam Stewart, Sean Norris, Sam Talbot and Bobby Chamberlain plus strengthening with the signings of GB netminder Jordan Hedley and former Latvian international Deivids Sarkanis.

One element of the Lightning team which caught the eye was the number of British players signed on two-way deals with Elite League sides. Norris, Chamberlain, and Mack Stewart signed two-way deals with Belfast Giants, Talbot and Hedley were on two-way contracts with Coventry Blaze and GB under 20 forward, Jack Hopkins, joined the side on a deal with the Nottingham Panthers.

The two-way deals would help with the development of the younger British players, however with differing priorities for parent clubs it did result in lines being mixed and a lack of balance and chemistry between players on the ice at times.

The Lightning would start the season down a few bodies with Sarkanis' Visa being delayed and Sam Russell also recovering from surgery over the summer – injury setbacks would plague Russell all season resulting in the defender not being able to ice at all.

Despite this, and an injury to James Griffin, the Lightning began the season with a seven-game winning streak, including an opening day overtime thriller against Sheffield with MK equalising in the last 30 seconds of regulation time before winning in OT.

The Buckinghamshire side would see changes in personnel, netminder Matt Smital leaving for the Bees being replaced by GB under 20 goalie, Dan Crowe. To tackle the absence of Sarkanis, the Lightning managed to benefit from a temporary loan of Adam Laishram from Raiders and sign Gui Doucet as injury cover the Canadian going on to ice in three games.

A solid opening few months of the season, including going undefeated in November, saw MK comfortably qualify for the semi-final of the National Cup, this start also saw them inflict the first defeat of the season for Leeds.

Going into the new year, MKL were top of the table however they had played more games than the chasing Leeds Knights and Peterborough Phantoms. The start of 2023 would see MKL win nine consecutive league games, this included a massive 15-2 victory over Bristol the winning run being ended at home by the Knights. However, the cup campaign would again end at the semi final stage, the Phantoms knocking out MK 5-3 on aggregate.

A Norris overtime goal in Leeds would see MK start February positively, however they couldn't build from that big away win as they would then fall to a home defeat at the hands of Basingstoke the very next evening. This, along with a suspension to Sean Norris, would see the Lightning hit an inconsistent patch of form over February and March, impressive wins including 11-2 against the Steeldogs and 7-0 at Basingstoke, were followed by defeats against the Bees and a 9-1 thrashing in Leeds. The arrival of Cameron Hamill on a two-way deal with Solway, not helping the Lightning to beat Leeds to the title. MK having to settle for the runners up spot behind the deserved champions from Elland Road.

The play-offs would see MK face familiar foes, Telford Tigers. In their five league encounters the Lightning won all five, with Tigers picking up a solitary point from an OT defeat but the play-offs would upset the league form.

Telford would win the two-legged tie 8-7 on aggregate, despite an 82 second hat-trick from Norris which gave Milton Keynes hope in the final period, to leave Lightning absent from the finals weekend in Coventry. The damage was done in the first leg, with Telford winning 3-2, thanks in part to Brad Day saving 51 of 53 shots.

It can be argued that the Lightning would be disappointed with a second-place finish and going out in the semi-final stage of the cup and the quarter finals of the play-offs considering the talented roster assembled.

The disappointment of missing out on the finals weekend was one felt by fans and players, especially as the game was the last for Leigh Jamieson – a player who had iced in the very first MK Lightning match against Romford in 2002.

However, the Lightning’s win and points percentage in the regular season is a vast improvement in many years and they finished runners up to a dominant Leeds side.

Individually, there were three players recording over 80 points and saw several players record points scoring seasons including defencemen Lewis Christie, Ross Green and All-star second liner, Ed Knaggs.

The improvement in league position and the narrow aggregate scores in both the cup and play-off exits will prove something to build on for Tim Wallace and several the younger players in the MK squad and it will be a cause for optimism for the Buckinghamshire side moving into the 2023-24 season.

The performances and results on the ice, coupled with the increase in attendances at Planet Ice Milton Keynes means that the Lightning have moved on from their ill-fated Elite League venture where there were genuine concerns over the club’s future.

With the ambitions of the owners and management, success will be measured by silverware and the hopes are that the Lightning will be needed to install a bigger trophy cabinet very soon in what is proving to be an entertaining and hotly contested NIHL National Division.

PETERBOROUGH PHANTOMS

taken from NIHL National Finals programme

What a season it has been for the Phantoms! 40 wins out of 56 games is a big achievement and in many other seasons that would be enough for a league title - which shows how good the league is for us to finish third.

Third place is nothing to be sniffed at however - yes, it was disappointing to not be in the title chase all the way to the final weekend, but many wrote us off at the start of the season, so we once again are proud to have proven these people wrong and similarly proven that this team continues to be able to perform with the best in the league

An incredible Cup run ended in glory - clearly the biggest highlight of the season for the club and the first trophy since the Autumn Cup win of 2018-19. Facing the league champions-elect Leeds Knights was no small task, but that first leg at home showed that we came prepared and ready to go - a true championship team mentality. While the second leg was a much bigger challenge for us in the face of significant injuries (including our two main goalies!), the boys still managed to hang on for the win. It feels like a fairy tale in nature, but it's really evidence of the team bond that has been built and hard work that has been put in across the board not just this season but really since Slava joined us

As for the playoffs... well it wasn't on the cards for us this time around. It's the first time Phantoms aren't at Coventry in a while, so although we'd be lying if we said we aren't disappointed we also can take a deep breath and agree that it's been a long hard-fought season that has carried with it plenty of reasons to be full of good cheer and optimism for next season.

Ask any of the Phantoms players about what it means to be a Phantom, they will tell you that it's about putting team first, then your teammates and finally yourself. If you have watched any of our games this season you will be able to testify to that - guys putting their bodies on the line in every game to block shots, taking hits to make plays, back-checking hard and finding ways to bounce back after mistakes.

Head Coach Slava Koulikov summed up the season. "We have had an unbelievable season! 40 wins and 83 points was a great show for us. Leeds really pushed everyone this season and made it tough at times, but I am proud of my players."

"For us to be one of the top three teams competing for the league this season was great, no one expected us to be in a three-horse race with Leeds and MK for the league title"

"The Cup was a massive high for us! For us to be competing against the top two teams in the league for the Cup was going to be tough - from the semi final against MK to the final against Leeds our players left everything on the ice. We played the best game of hockey for the first leg of the final against Leeds and going in to the second leg with both our senior netminders injured and some of our top players out it was always going to be tough. The team showed bravery determination and mental strength to hold on to that lead and become National Cup Champions."

"With the playoffs, it wasn't meant to be but I am proud of all of my players, staff and the Phantoms organisation as a whole!"

Captain Will Weldon had the following to add. "Missing the Final Four in Coventry stings, but that's the reality of sport - it doesn't always go your way. Hopefully this team's core will be back next season, this can be a learning experience and we can use it to be better next time."

"In this competitive league, winning the Cup is a massive achievement - winning isn't easy and we were certainly underdogs going into that Final. Taking a step back to reflect on the season I'm sure we'll all look back fondly on what we've done."

"Thank you to the fans for supporting us to the bitter end, the support throughout the season has been massive - it's a shame we couldn't get over the line to give them a chance at another trophy, but along with the off-ice staff it's what makes this club truly special. The guys in the room play through all kinds of injuries - not for the money but for the club."

by Matt Udall

Well then... What can you really say about the Raiders season apart from that when it was all said and done they came up just a goal short of becoming one of those fairytale underdog stories you read about every so often in the sporting world. From the absolute pits of the season prior where you almost had no confidence that the team would be able to get over the line and win a game and the subsequent last place finish. To this season and believing that the team had every chance of winning any game that took place, against any opposition.

In my season preview I said that I expected 6th place finish as long as the team lived up to expectations and lived up to expectations they did with a solid season from start to finish. I also stated that 5th place was an unrealistic goal, however you have to say that if a few results had gone their way then 5th, even 4th could have been achieved. In the end the Raiders earned their 6th place finish and as a result avoided the likes of Leeds and MK in the playoffs and ended up with Peterborough which we all know how that ended.

Top Save Percentage			.893 - Ethan James		

But let's start at the beginning. After a bittersweet off season where we said goodbye to some Raiders stalwarts and some fan favourites and welcomed some new faces to the side. Whilst it was sad to see players go I think we all knew that it was necessary to bring the club forward. The additions of Harry Gulliver, Elliot Dewey and Mikey Power along with the returns of Blaho Novak and Ashley Jackson demonstrated the intent of the management to be a contending team and although on the import front there was a little bit of a false start, it probably ended up as a blessing in disguise as the short term cover of Adam Laishram put up some great numbers before Mathieu Gomerjic arrived to very quickly become the team's leading scorer in all departments. The unfortunate early end to Erik Piataks season may also have worked in the Raiders favour as Alex Roberts came in and made a more than useful contribution to the side.

But it takes more than just good talent to make a team successful, after all there is no I in team, and after a maybe naturally slow start with the changes that took place the Raiders really started to settle in. They got the job done in the games they would have been expecting to get the job done, and a couple of big early season wins, in fine fashion too, the fans very quickly got behind the boys and, in a crucial change to the season prior, the Sapphire once again became a fortress with a growing crowd week by week to make it a daunting place for any opposing player to come.

Whilst it was a steady going season for the Raiders, there was still a glaring issue that had been a consistent feature of the team over the past few seasons and that was a distinctive lack of points earned from losing positions. There are very few games I can remember since before the covid break that the Raiders got back into a game from behind late in the game and that meant that games against the top 3 sides could very quickly get ugly. However there was a turning point during the season which I pinpoint to be off the back of 2 back to back home battering's by Leeds. Brilliant home victories against MK, Telford and Swindon followed that distilled some confidence and on the penultimate weekend of the season the Raiders produced two late game comebacks against both Telford and Sheffield to force an overtime where on both occasions the Raiders came away with the extra point and I can't explain what it specifically was, but I couldn't help but feel that there was something very different about the side that had suddenly switched on. A couple of wins on the final weekend of the season set the team up nicely and there was confidence going into the playoffs. Now whilst admittedly that confidence wavered a little after the home leg loss and then even more so once the team had gone behind by 3 goals with just under 10 minutes to go in the 2nd leg. A belief that they could still win it was now there and it always felt that if they just got the one then 2 more could follow and what would you know they went and did it and booked their place at Coventry for the first time in 20 years.

I think we all turned up at Coventry with a que sera sera attitude as fans, simply to just enjoy the occasion. There was no expectation to beat Leeds but we knew they had every chance against Sheffield and once again, whatever had been unlocked amongst the team shone through. A comeback and late game winning goal against Sheffield and somehow, after conceding 3 quick goals against Leeds, actually being the better team and bringing it back to within just a single goal.

It was a special season that had been long overdue for the long term Raiders faithful that had followed the team through their near demise from the Rom Valley Way days. The club is growing well in the area and with a new structure in place with the Junior system going forward it is an exciting time to be a part of the gold and blue army. Probably not worth getting too ahead of ourselves though in terms of expectations for next season. Teams that finished below are making some serious strengthening moves and the additional import will shake things up. The Raiders are going to need to find a way to keep up or it might be a case of a step backwards instead of forward.

SHEFFIELD STEELDOGS

by Jane Williams & Roger Williams

Following the double winning 21/22 season, coach Greg Wood maintained a largely unchanged squad for 22/23. Dmitri Zimozdra remained as starting goalie with the solid, experienced presence on defence of Ben Morgan, Jonathan Kirk, Lewis Bell and Lee Haywood.

He lost Nathan Ripley to the Coventry Blaze, Miles Finney who took the chance to be a starting netminder in Widnes and Sam Towner who returned to Hull.

Andreas Valdix retirement left a space for an import which was filled by Vlads Vulkanovs, who would be stepping up a level for a 3rd season in a row. Veteran Warren Tait also made a return to second tier hockey at the tender age of 41.

Consistency would prove a season long challenge for the Steeldogs and the opening 20 games were a preview of what was to come; 12 wins and 8 losses, including 7 games that went beyond 60 minutes.

The breakthrough star of the early season was 20-year-old Tom Palmer. In his first season as a full time Dog, the #20 caught everyone's attention with his rapid skating and never say die approach. His form earned him additional ice time and got his name on the score sheet regularly. It wasn't all good news though - a game in Basingstoke saw him receive two nasty hits to the head, one of which earned the offending party a lengthy ban.

Bad news was never far away for the club; Lee Bonner missed 2 months injured and before he returned, Jason Hewitt was ruled out after a collision with Ben Morgan. It was nearly 4 months before he was able to return, leaving the Dogs without their top scorer and one of their leaders on the ice.

There was also the departure of Henry Adams to overcome, when the young D man ultimately opted to return to Telford due to work commitments. That created an opportunity and 16-year-old Ollie Turner stepped in to it. After a couple of years as a Steeldogs prospect, he displayed a maturity beyond his years – and showed that he wasn't afraid of anyone.

Jordan Buesa was signed mid-season from the Glasgow Clan and quickly showed the quality playing more than 200 Elite League games brings. The 22-year-old Scot clearly revelled in substantial ice time, adding some much-needed depth to the Dogs scoring options.

Cam Brownley started the season in Hull but returned to Sheffield before Christmas, and after he re-discovered his mojo, was another useful source of secondary scoring.

Despite some inconsistent performances, the Dogs qualified for the semi-finals of the National Cup, where they came up against the Leeds Knights. The Knights were top of the league and had beaten Sheffield in every previous game – and that pattern continued with a 2-5 loss at iceSheffield. The Dogs got back within 1 on aggregate briefly, but Ryan Aldridge's team completed a 2nd leg win on home ice to end the defence of the cup title.

Whilst Jason Hewitt's return from injury was a welcome positive, the injury bug wasn't finished with Sheffield; Tim Smith suffered a season ending knee injury in January and Cam Brownley was left side-lined by a hit – although the incident may have helped motivate his team mates to a first win against Leeds in a bruising encounter at Elland Road. Having shaken that monkey off their back, they then beat the Knights again a couple of weeks later in Sheffield.

Alex Graham was a constant threat in front of goal whenever he was available. The Steelers called on his services regularly through the beginning of the season and again in the closing weeks. In 36 appearances, he scored a team leading 40 goals and 40 assists and would surely have smashed the 100-point barrier if he had played even half of the 20 games he missed.

Vulkanovs was another good news story, as after a gentle start he really began to show his true capabilities at National Division level. The Latvian showed he had a strong shot, a good eye for a pass and a strength on the puck that frustrated many an opponent.

With cup involvement over by the end of January, final league position was the sole focus. Having sat in 4th in the league since before Christmas, that would prove to be the Steeldogs place at the end of the season, with them unable to make up ground on Peterborough and Swindon not making ground from 5th.

A last-minute defeat by the Raiders in the playoff semi-final in Coventry was a disappointing end to a solid season.

Whilst it may not be remembered as fondly as last season, it was still a good year for a club that lacks the resources of others, and finishing 4th despite missing many key players for a significant number of games, should be seen as an achievement.

SWINDON WILDCATS

by Ben Callaghan

At the end of the 2021/22, the Wildcats preparations for this campaign underway swiftly. Thanks to the imminent arrival of the Bristol Pitbulls, key names such as Jones, Pakozdi and Marr all quickly put pen to paper.

With changes on the backend addressed thanks to the arrival of Ollie Stone and the move which saw Edgars Bebris move back to the blue line for the first time in his career.

These wouldn't be the only key arrivals to Swindon during the summer with Colby Tower being recruited from USports and a name synonymous with British Hockey, Russ Cowley returning to the place it all started.

The season got underway with the first M4 Derby double header with one of the new teams on the block, the Bristol Pitbulls. The first competitive weekend saw a huge 12-0 victory against the Hull Seahawks with one of the future Jamie Smith scoring the first goal of the season. This was then backed up the following night with a 3-0 win on the road in Sheffield.

In the run up to Christmas, the inconsistency of the team was beginning to be crucial with the club sitting comfortably in mid table, behind the top 4 who were beginning to pull away from the bottom half of the table.

At the start of December, the Cats became the first team to defeat the Leeds Knights in regulation with a 4-1 win in the Castle, once more though results were balanced out by being beaten by Bristol, Peterborough and Basingstoke.

Into the new year and the Wildcats were starting to turn a corner with the way they were playing. A four point weekend against the Dogs as part of the successful Pride week by the EIHA and a huge road win in Peterborough saw us pushing Sheffield for fourth in the table.

Despite a strong end to the season and a club eager for a playoff run, things started pretty badly when a couple of weeks before the playoffs Russ Cowley would be ruled out for the rest of the season with a hand injury.

Going up to Sheffield, the expectations were high and sadly for the Cats, the eventful game went in favour of the Steeldogs.

A below par start, caused by a horrible middle period ensured the night in Sheffield was one to forget. Putting that to one side, you have to credit the Steeldogs for a phenomenal performance.

The return leg in Swindon saw two teams with a sad inevitability regarding how the tie would go, A memorable individual goal from Colby Tower being the stand out of the night but the Steeldogs advanced to Coventry and the Wildcats season came to an end.

On an individual note, there were six 50 point scorers (Malasinski, Nell, Cowley, Tower, Jones & Pakozdi) and Tomasz Malasinski led the way with a 115 point season, with Aaron Nell just 4 shy of the three figure milestone.

Not only did the curtain fall on the 2022/23 season, the curtain also came down for the career of a Swindon hockey icon with Floyd Taylor bowing away after a well deserved testimonial.

With old faces, future stars and current favourites lining up for #12 the season was celebrated alongside the career of a man who started his hockey journey as a boy in Swindon.

Over the summer an ice pad refurbishment and a roster refresh provided much hope and expectation heading into 2023/24.

TELFORD TIGERS

by Richard Mothersdale

So here we are, another Final Four weekend done and dusted to cap off a season that proved to be frustrating and disappointing at times but ended on a bit of a high. Where do we start, well let's go back all the way to the beginning.

Early September and as reigning champions we had mixed feelings heading down to Swindon for the pre-season friendly. Over the summer quite a few influential Tigers players had moved on. Some for a new challenge, some because personal circumstances had changed but we still had the core of the old team. Other teams were releasing details of strong rosters but we had been here before and while the Tigers haven't always had the strongest team on paper it's not always the strongest roster that wins the league. It's team ethos, commitment and sheer grit that makes a Championship side, something the Tigers have shown in oodles the last couple of years so we were quietly confident of another strong season, not necessarily a title winning campaign but certainly up there challenging for honours.

TELFORD TIGERS REGULAR SEASON 2022/23

Things would come down to earth with a bit of a bump in Swindon though. Yes it was a pre-season challenge game but a 9-2 mauling saw us returning home with worried looks on our faces, something that didn't improve the following night in the return fixture in Telford. A 4-1 loss on home ice made us feel this was going to be one long hard season.

We hit the road again the following weekend for the first league fixture against Leeds Knights, a team that had clear title ambitions having assembled an immensely strong roster. So, we didn't expect too much and after our lads gave us hope with a spirited performance, pegging the game to 5-4 at one stage, the Knights eventually turned the screw to run out a comfortable 7-4 victory. Not the end of the world as Leeds were hot favourites for the title with a roster most teams would die for. The following night our campaign would get off to a winning start in our first home against the Pitbulls before a four point weekend the following week against the Seahawks. We were up and running!

A double away weekend against Bison and Phantoms followed which saw Telford narrowly lose both games by a single goal before a great performance away in Sheffield saw a 3-1 victory against the Steeldogs. Another big test at home against hotly fancied MK Lightning saw another narrow one goal defeat before another tight game against the Phantoms ended with a 1-2 loss. Tigers were certainly holding their own in these early games running quite a few fancied teams close, unfortunately a combination of poor finishing and just failing to see games out were proving their undoing.

The perfect tonic followed with convincing wins against the Bees and Pitbulls before November saw a mix of highs and lows including a 10-1 win at home against the Bees and a superb performance to become the first team of the season to beat Leeds at Elland Road in a pulsating 3-2 win after a penalty shoot out. This however would lead into one of the worst losing streaks the Tigers have had for many years going nine games without a win and taking only 1 point from a possible 18 which would see them 7th in the table at Christmas, with the very real possibility that qualification for the Play Offs may be in doubt if the poor results continued.

The Christmas period would bring more swings in fortune with an end to the losing streak after a 5-3 win in Bristol followed by a 1-9 hammering in the return fixture the following night in Telford. Life as a Telford fan was now as baffling as it was frustrating as this latest defeat also led to another poor run of five defeats on the bounce before Tom Carlon, Gareth O'Flaherty and American import Rory Herrman arrived in January to bolster the roster.

The new players made an immediate impact, lifting the mood of the team resulting in a hard fought shoot out victory in Slough. Performances were starting to improve but small mistakes were still costing the Tigers with victories all too often more of a surprise meaning the Tigers would end January tied on points with the Pitbulls in 8th place, the final Play Off qualification berth.

February would start with a disappointing loss to the Wildcats in Swindon, Telford were well and truly in the game only to completely collapse in the last 13 minutes conceding 5 goals to lose 8-3. But the following 3 games would see maximum points for the Tigers, including superb wins against high flyers Peterborough and Sheffield, as their fortunes at last seemed to be turning for the better.

These fortunes were again short lived though as more disappointing results against Leeds, Peterborough and Sheffield followed before February ended on a high with an overtime win against the Wildcats which would see the Tigers

stay in 8th place, crucially though teams around them were dropping points meaning the Tigers had pulled 6 points clear of the Pitbulls and the gap to the Bison closed to a single point.

The end of the league campaign was now in sight and, with the Pitbulls falling away in the race for the Play offs, the pressure eased slightly on the Tigers. Four victories from the remaining nine games would see the Tigers secure 7th place overall and crucially the Tigers were playing well in these closing stages as they readied themselves for the Play Offs.

7th place also meant avoiding run away league champions, the Knights, in the quarter finals. The Tigers would have to find a way passed the Lightning though. Finishing 2nd in the league, MK were a formidable team with a 100% record against the Tigers over the course of the season. Buoyed by over 100 travelling supporters, the Tigers took the game to MK winning the game 3-2 to take a slender lead back to Shropshire the following night. On a night to remember, this 2nd leg would see the Tigers race into an 8-4 aggregate lead by the end of the second period a score that remained until 9 minutes to go when Telford conceded back to back 5 on 3 penalties resulting in 2 goals with a further goal on the remaining powerplay. In the space of 74 seconds MK had pulled it back to a 1 goal tie meaning a nervy last 7 minutes ensued with some last ditch defending which saw the Tigers hang on to progress to the Final Four weekend after an 8-7 aggregate victory.

A resurgent Tigers were matched against the Leeds Knights in the semi final in Coventry which would see the two teams trading goals in a pulsating game of end to end hockey with the Knights prevailing in the end to win 7-6. The game could have gone either way and certainly in the case of the Tigers it showed a return to the gritty determined team that won them back to back league championships. A performance to give the Tigers faithful hope as they look forward to the start of another tough season in the National League.

BILLINGHAM STARS

by Carol White

THE FAIRYTALE ENDING may not have happened in Manchester, but it was one hell of a season from the Big Red Machine. Not even two seasons into a rebuild of the team following the return of hockey to the Forum post-pandemic, Billingham exceeded expectations and confounded the critics who said they wouldn't even win a game when they returned from the COVID-enforced break.

The summer brought little in the way of changes as the Teessiders stuck by the squad that had developed so promisingly last time around, but amongst their few additions was a big coup in snatching Latvian defenceman Rolands Gritāns from local rivals Whitley Warriors.

Wanting to start from where they left off the previous season, when Widnes Wild were so mercilessly despatched in the first round of the playoffs, the Stars were handed a tricky start to the new campaign when they found themselves up against champions Solway Sharks three times in the opening month. It looked like a case of 'same old, same old' when the Sharks took the first two games fairly comfortably, but in a taste of what was to come, Billingham finally turned over the Scots for the first time in four years with a thrilling 5-4 win in overtime to end September on a high note.

October saw a string of excellent results bookended by two poor ones as the Stars crashed on the road at Solihull Barons to kick the month off, then a home loss to the Warriors at the end extended Teesside pain as their losing run in the North East derby continued. November saw another three hard-fought wins but again a loss at the end, this time Widnes avenged that playoff mauling to leave Billingham in the middle of the pack.

Another derby loss at Hillheads just before Christmas hurt the Stars but they were handed an immediate chance to put things right when they were matched up against their near neighbours in the semi-final of the Moralee Cup to see in 2023. The home leg saw Billingham battle back from 0-3 down to get themselves within a single goal with two markers in the final five minutes.

They carried that momentum into the second leg and – in a seesaw match on Tyneside – the Stars finally saw off another four-year-old monkey when they bagged an overtime winner to book their place in the final.

A defeat in North Wales the week after the semi final marred what was otherwise an untarnished record running all the way to the Final Four weekend. A nine game unbeaten streak in the run-up to the Cup Final saw Billingham reel in and finally overtake Whitley for second place. During this streak the Billingham offensive unit rattled in 65 goals to make sure confidence was sky-high to face Solway over two legs in the Moralee Cup final in March. Two huge crowds turned out in Dumfries and at the Forum to see the League's two in-form sides do battle. The Stars fought back from 5-1 down north of the border to tie the game 5-5 going back to Teesside, then they had to suffer the heartbreak of coming within 27 seconds of winning the trophy before the Sharks equalised, the favourites taking the Cup back with them as they won the penalty shootout needed to separate the sides.

Billingham did not allow the disappointment to knock them off track. Following the Final they defeated Solihull twice and secured second place, with an excellent run of form going into the first round of the playoffs. A quarter final date with Blackburn Hawks saw the Lancastrians duly despatched with the tie all but over after the first leg in Blackburn with the Stars headed back to the Forum with a six-goal cushion. The Final Four saw another semi final against the old enemy Whitley Warriors with hopes that their meteoric rise might be topped with another run at Solway in the Final, but the wounded Warriors had the last laugh and booked their place with Billingham strangely out of sorts. Nevertheless over the season the Stars proved they can live with – and beat – the best that the Moralee Conference has to offer despite no trophy to reward what was a fantastic effort. With the squad still so young and still developing, the future is nothing but bright in Billingham.

BLACKBURN HAWKS

taken from the EIHA Play Off Final programme

It's been a more successful year in my view from a coaching and organisational perspective than what we originally anticipated. There was a lot of doubt about what we wanted to accomplish in our vision to take the Blackburn Hawks down the line to a much better place. On the ice I have to thank all the boys who have committed their time and effort. To the young guys who committed and stuck with it, you will continue to see progression but only if you continue to believe in the process. To the older guys thank you for the patience you have shown to help the younger guys and to continue to help me from a coaching standpoint to buy into helping mentor the boys and support me and the coaching staff.

To say that we have had a team that was an average of 6 years younger than we had last season and have more success on the ice shows what we are about. We also are proud of the fact that we have a team that is the second youngest average age in the league and accomplishing what they are.

I know its supposed to be a year in review but

I would like to use this to show my appreciation of the support that we have all around us.

To the fans we say thank you as it will be a process and it will take time but we will strive to improve year upon year. Thanks again to the volunteers and sponsors that have given so much of your time and support to help create the most professional atmosphere at our level that you will find.

Massive thank you to the coaching team we have put together, Ollie Lomax for the countless hours on the phone and ears and eyes for me personally, to Steve Hirst for being on fire all the time and would also like to say thank you to Darren Wilson for your continued effort. Couldn't do this without you guys support.

Lastly, I would like to say a special thank you to Graham Lomax and Carl Everitt for believing in the direction on ice that myself, Ollie and Steve would like to go. For putting in countless hours to support the boys and myself as a head coach. This truly is an amazing place to be and we have such high hopes for the future.

DEESIDE DRAGONS

by Ian Evans

The Covid pandemic decimated so much in the UK, but after a massive fight one of the things it wasn't going to take was Deeside Dragons Ice Hockey Club. The Dragon's playing surface at the Deeside Ice Rink was used as a field hospital and then a vaccination centre during the fight against Covid and for many Dragons fans there were legitimate concerns that the rink would be shut for good at one stage.

In early 2022, when confirmation finally came that the rink would be back in place at some point that same year there was genuine delight amongst the Dragons fans, but that announcement was only the starting point of some very hard work ahead. Amazingly the club was to run as a not-for-profit volunteer run club and it is here that we should stop and heap massive praise on the volunteers that surround the club in every area. Without their hard work and dedication our club would not have come back in the modernised form we can now all be so proud of.

In early July 2022 led by GM Shaun Bebbington The Dragons announced a new coaching team led by Mike Clancy, head coach of the gold medal-winning GB women's team and it was confirmed he would be joined by Dave Clancy, another GB coach, Matt Compton and Marc Lovell. All four had grown up in the local area and played for the club in the past, it was a great start for the re-awakening of the Dragons. A short time later it was confirmed Dragons would compete in the NIHL North Division One a step up from where the club was halted because of covid. Excitement was certainly building for the up and coming season.

Fast forward to the start of the season and Clancy had put together a strong squad featuring some new faces and a few familiar ones too. James Parsons returned as Captain along with Matt Wainwright, Karl Bacon and Chris Jones to name but a few. Petr Valusiak, Ross Kennedy and Andy McKinney arrived as marquee signings and Dragons looked particularly strong in their attacking lines.

The season began with seven straight away games while renovations of the pad at Deeside were completed. Dragons went into their first game against Sheffield Scimitars with only two and a half hours of on ice practice time but amazingly won a thrilling game in overtime.

* - Season in North 2

It was just reward for all the volunteers, travelling supporters, coaches and players and sent the message that the Dragons were back to all in the hockey world that said it wouldn't happen.

Dragons season panned out inconsistently. There were some excellent performances mixed in with some tired lacklustre performances, but when news broke that the rink renovations had overran by around a month it was always going to be a tough 2023 period with back to back games most weekends, but the lads kept battling on the ice even when fatigue set in towards the end of the season.

An impressive but tough 7-6 overtime defeat at Billingham early in December showed the Dragons could mix it with the top four but unfortunately the performance level that was on show in this game was too often missing when the top four came calling. Solway and Whitley Bay completed season sweeps against the Dragons

Deeside did mix it better with Solihull recording memorable 10-3 and 3-2 (OT) victories at the Den. There was also real competitive battles with Blackburn and Widnes including a four point weekend late in the season which helped the Dragons move into 6th place, a place they didn't surrender. The 8-5 comeback victory in Blackburn followed by a 6-1 derby day thrashing of Widnes the next night will live long in the memory.

Entering the playoffs as sixth seed it was always going to be a tough ask to overcome Whitley Bay and so it proved with the Warriors winning the first leg at the Den 3-6 and then taking the second leg 6-2. It was disappointing to finish the season on those results, but there is so much for us to look forward to next season and hopefully the management team can find a way to keep progressing our club on and off the ice, one thing is for sure after witnessing all the hard work that went in to bringing the Dragons back to life there will be no stone left unturned in the efforts to progress the club up the league.

Hopefully the story of the re-igniting of the Dragons can provide tonic to other clubs that face difficult times and on that note I hope the Deeside story can provide some comfort to the Basingstoke Bison fans who through no fault of their own are being denied Hockey in the new season. The countdown has already begun to the puck drop for the 2023/24 season!

SHEFFIELD SCIMITARS

taken from EIHA Play Off Finals programme

This season has been a trying one for the Scimitars to say the least.

We've struggled with numbers, due to the numerous fixture clashes with our Steelhawks and Titans leaving them unable to provide players to bolster our numbers at times.

Every player has given their all and showed true dedication to the team and the club.

On behalf of the team we'd like to thank the supporters, the coaches and the club.

As some players hang up their skates, we'd like to wish them all the very best in life.

Here's hoping next season is a successful one for all.

SOLIHULL BARONS

taken from EIHA Play Off Finals programme

Our pre-season started with several challenges that had to initially be overcome. With a late appointment as Head Coach, you always appear to be chasing your tail, with many players already being committed to other teams. With the loss of 5-6 key players due to their personal circumstances, it dealt a blow to the team structure. This was a major setback as a team, when you are looking for players that can replace and potentially achieve the 165 plus points that these players accumulated, which is no mean feat.

We bought in 4 new players to help bolster the squad adding a little more depth. However the team last year was offensively gifted, so we would need to change our philosophy and work on the defensive side of our game to be competitive within the league.

Our season was underway and we had a mixed bag of results over the first half of the season while we were still trying to gel as a team with the new additions. It was encouraging to see us take wins over teams previously we had struggled against. This is further cemented by us shutting out Deeside, Sheffield and Nottingham and close losses with Whitley Bay and Billingham (twice each), Widnes and Deeside.

We had the addition of Dan Mulcahy at the end of October, who returned to us from Telford which further bolstered the offensive unit. This was highlighted by the 7 game winning streak that we accomplished from beginning of December and continued until end of January, only to be broken by our away leg at Whitley Bay.

Over the latter part of the season, we have picked up a number of injuries to key players and this along with players with personal commitments has seen us with a depleted squad, leading to short benches on many occasions and has put us in a position that players have had to play out of position to fulfil the remaining games, including young players that we have on a two way arrangement with Coventry NIHL Blaze. This has enabled several players to gain a little more ice time and show what they can offer the team, which was encouraging and showed the team commitment and ethics with rising to the challenge.

Overall, the team have performed and exceeded expectations, as some predicted that Solihull would end up in the bottom two of the league. I am pleased with each and every one of the players who have battled hard and shown their work rate to accomplish this achievement and finishing fourth in a very challenging league.

As a club we have had challenges through the year with the loss of revenue due to the scheduling of World Cup games that clashed with our fixtures, giving a direct hit on numbers of supporters attending those games. This along with the cancellation of our Nottingham home fixture has impacted the team greatly, but we battled on.

SOLWAY SHARKS

by Owen Blackstock

Off the back of last season's treble winning success, Head coach Martin Grubb tasked his Solway Sharks side for perfection, with several new faces joining the Sharks over the close season and some stalwarts of previous seasons moving to pastures new, who knew what season 22/23 would bring. Last season's treble winners started the season in early September where they left off in the April previous with opening weekend success with a 6-1 home win over Billingham Stars and an away win 8-1 over the Nottingham Lions.

Sharks would go on to take 9 points from a possible 10 in September - the only dropped point being an overtime defeat in Billingham, scoring 28 goals along the way. Rolling into October and the Sharks again showed their scoring prowess, scoring 40 goals in 6 games and taking 10 points from a possible 12 losing 2-1 away to Whitley Warriors in what would be Sharks last defeat of the season.

November found the Sharks free scoring again bolstered by the return signing of Slovak import Peter Gapa and took 8 points

from a possible 8 and the biggest win of the season coming away to Sheffield Scimitars where the Sharks took a 16-1 victory and revenge the defeat in the previous month with a 6-5 home success over the Warriors. December came around and the Sharks had the quietest month of the year, only playing 2 games in the first weekend of the month, with their home ice at Dumfries Ice Bowl hosting IIHF under 18 Woman's World Championship action, but for the Sharks it was 2 wins from 2 as they cemented their place at the top on the NIHL Moralee North division 1.

Sharks welcomed January and 2023 with a return to action after 4 weeks off and kept up the impeccable run of form that had secured them as favourites for the league, again taking maximum points and coming out on top of a two-legged cup semi-final 16-3 on aggregate against Widnes Wild to set up a show down with Billingham Stars in early March. After securing a cup final spot, Sharks attention turned to closing in on the league title and February seen the Sharks secure six wins from six and scored 43 goals along the way.

March brought double delight for the Sharks not only securing the NIHL North Cup in an entertaining two legged cup victory on penalty shots over the Billingham Stars with Solway Sharks hero Stuart Kerr tying the game with an “unbelievable Jeff” moment with only 27 seconds left on the clock to send it into overtime. The Sharks also claimed the long-awaited league title on the same evening with nearest rivals Whitley Warriors dropping points, securing a double in the same night for the Sharks. The newly crowned double champions rounded off the league campaign in style with a 4-0 win away at Whitley Warriors and took maximum 14 points in March and continued the 27-game unbeaten run into the post season play offs where they faced Nottingham Lions over two legs for a place in the final four. Sharks running out 12-1 winners at home last Saturday and 9-0 In the away leg on Sunday taking a 21-1 win over the two games.

The post season play offs seen Sharks make the journey to Altrincham to face the leagues 4th place Solihull Barons in Saturday evening semi final action, Backed by a large and loud traveling sharks support helped the Sharks continue their fine league and cup form into the post season with a 11-1 victory, a Peter Gapa Hat Trick and captain Struan Tonnar double helping the Sharks into the final to face old foes in David Longstaff’s Whitley Warriors.

As every game between the pair had been over the season, the final was to be another tightly contested affair with the score at the end of the first period being 0-0, it was the Sharks that would draw first blood on the Warriors with Scott Henderson finding the net early in the second period and Peter Gapa scoring late in the period to double Sharks advantage and put their hands on the third trophy of the season as all eyes turned to a national final the following week.

The 200 mile trip to Coventry gave the Sharks the chance to make history and complete a grand slam or as its been affectionately named in Dumfries the “Shark Slam” again a healthy Sharks support travelled south to back the team in a national final v Streatham Redhawks for a second season in a row.

Just like the final a week previous the Sharks and Redhawks sized each other up and drew a blank. The second period started with the Sharks seemingly having found a 2nd gear and their efforts were rewarded when Peter Gapa gave the Sharks a 1-0 lead at the end of the second. Gapa doubled his and the Sharks tally early in the third period Gordon Horne made it 3-0 to the Sharks and Callum Boyd added a Sharks fourth and catapulted the Sharks to a fourth trophy and the first team in NIHL to complete a grand slam of north league, cup, play offs and national success.

The Regular Season has seen the Sharks play 32 league matches winning 30 and only dropping 3

points all season, winning the league from 2nd placed Billingham Stars by 13 points, in those league matches the Sharks have scored 245 goals, the most of any team in the league by 83 goals and conceded 54 - the least amount of any team in the league by 35 goals. With the Sharks averaging just under 46 shots per game, Scott Henderson leads the scoring charts for the Sharks and the league with 84 points (45G 39A) in 32 games, closely followed by Jonnie McBean who has 66 points (35G 31A) in 27 games. Rounding off the top 3 is Slovak Peter Gapa who has an incredible 54 points (25G 29A) in only 19 games having joined up with the Sharks in mid-November. Sharks have been strongly back stopped by Calum Hepburn, the big goalie standing at 6ft 4' has the highest save percentage in the league for a regular starting net minder at 93.6%, going one better than his 92.4% last season and securing 4 shut outs along the way.

The Post season seen Sharks play 5 games (north play offs and national final) winning all 5 games, scoring 38 goals and conceding only 2. Peter Gapa led the post season scoring with 19 Points in 5 games Scott Henderson was 2nd in the scoring charts with 14 points in 5 games with Jonnie McBean and Connor Henderson both tied in 3rd with 8 points although McBean played one game less. Calum Hepburn finished the playoffs with a save percentage above 98% conceding only 2 goals in the 5 games and taking 2 shut outs in both finals, making a NIHL high at all levels of 6 shut outs over the season.

WHITLEY WARRIORS

by Adam Mackman

The 2022-23 season has been a campaign of two halves for Whitley Warriors. Having recorded fourteen wins before Christmas, including a first success over Solway Sharks in ten attempts, Warriors looked like they were going to pose a much closer threat to their rivals from North of the Border.

However, a cup semi-final tie with Billingham Stars proved to be the turning point in their campaign. Having taken a three-goal lead in the first leg they watched it evaporate to just a single goal advantage to take home with them for the second leg. Poor discipline cost them at Hillheads the following night as they ended going out of the competition in overtime. Whitley recorded just seven wins since as they struggled to find the form that they began with at the start of the season.

The high point of the regular season was undoubtedly learning how to beat Solway again when they notched a 2-1 win over them back in October. They have also won all four meetings against Deeside Dragons, including a 10-2 victory on the road.

Whitley's biggest win of the season was 11-2, which came against Nottingham Lions in what was one of three victories against the East Midlands side. They also posted three wins over Widnes Wild, Solihull Barons, and Sheffield Scimitars with a pair of victories coming against Blackburn Hawks and Billingham Stars.

Head Coach David Longstaff and General Manager Paul Matthews, who are both stepping down at the end of the season, have not been helped by losing some of their more senior players during the campaign. It forced the club into ushering in something of a rebuild mid-season with several junior players added to the roster to backfill the squad.

Canadian-born import Phil Edgar and captain Dean Holland have carried the team offensively with the pair combining for 58 goals and 141 points at the time of writing. Edgar has led the team in scoring with 40 goals for the campaign with Holland posting 49 assists.

Trying to find someone to play on the top line with them has proved difficult with no single player having made the spot their own, although Jamie Ord and Ross Douglass have both impressed when slotting in there.

Adam Finlinson is third on the scoring list with 20 goals and 32 points at the time of writing and is someone Whitley will look to for goals in the coming years, while Kyle Ross has shown his importance to the team with a series of outstanding performances that highlight his work rate and skill.

Veteran forward Shaun Kippin continues to provide great leadership on and off the ice and is a great example for the younger players to follow. Anthony Wetherell is another that has impressed in the same vein as Ross.

Defensively, Adam Wood and Rihards Grigors have shown strong leadership and toughness when required. After losing Dylan Hehir to Leeds Knights in the National League, the mid-season return of Liam Smedley was a welcome one.

Connor Lewis has had a breakout season on the blue line and is one of the best young defencemen to come through the club's ranks in some time. Having missed the majority of last season to injury, Connor has shown what a run of games can do for confidence. He looks composed on the puck and reads the game well with great positional sense.

Of the players to have made their debut during the season, Owen Yarrow can probably lay claim to being rookie of the year with a string of impressive performances since first pulling on a Warriors jersey against Blackburn in November.

Warriors started the season with the returning Jordan Boyle in goal, but such was the form of Josh Crane he saw opportunities limited before eventually retiring. Dean Bowater, who split netminding duties with Crane last season, was brought back and has since made the spot his own.

With such a big change to the coaching and management team approaching, Whitley Warriors can expect a period of upheaval but they will regroup, adapt and rebuild. With such a long history in British hockey, the next stage of Warriors' evolution is inevitable.

by Fleur Tobin

The summer break saw departures including top-point scorer, Vulkanovs, Stubley, Wilcox and netminder Walker all moving into the National League on the back of their impressive 3rd place league finish in the 21/22 season. To re-inject expertise back into the squad, experienced forward Coulter (Leeds Knights) and netminder Finney (Sheffield Steeldogs) were signed up, along with Altrincham Aces players Williamson and Hopkins. This was bolstered with a fresh influx of young talent; Edwards (Bradford Bulldogs) and Jasecko (Hull Jets) supported on 2-ways with Meehan, Lowndes and Bark all moving upwards through the Academy. This was complimented with the welcome return of many core long-term players including Kemp, Jackson, Gilbert, Hughes and Armstrong alongside familiar faces Ruddick, Barlow, Haid and Murray.

The league opener was a trip to Whitley Bay and with Wild yet to beat the Warriors in any format in the club's history, they were determined to put points on the board however despite a hard-battled game the Warriors narrowly edged a 4-3 victory.

Another road trip, this time to Lace City resulted in Widnes pulling out an impressive 5-2 victory over Nottingham Lions. The much awaited first home game of the season was a rematch against a dominant Whitley side who maintained their record with a strong 8-1 victory.

October was a hectic month for the Wild - the first game saw Murray open the scoring to overturn Solihull Barons 5-1 with a commanding performance. The Wild carried this momentum forward with a 4-1 home victory over the Nottingham Lions however their first meeting of the season with Billingham Stars saw Widnes facing a 6-3 loss, despite Coulter gaining the advantage at the end of the 1st. Next game saw Widnes make the journey to Solway Sharks, coming away with a 5-2 loss followed shortly afterwards by a visit from the Stars once more on home ice. A new face joined the squad in the form of Corson-Heron however the team fell victim to a Halloween curse after a clinical Stars team stole a 5-1 win. Wild made a quick comeback late in the month with a trip to Sheffield that saw them leave with a comfortable 3-1 victory.

* - 2019/20 season in North 2

Arguably Wilds' most successful month was November with 4 wins from 5, building from the previous victory with an 8-6 home win over local rivals Dragons, one of the most anticipated games of the season, with Barlow firing home 4 goals against former Wild netminder Pearson. Widnes' first encounter with Blackburn Hawks was a tight 4-3 victory made possible due to a short handed goal from Haid at 53 minutes. Wild then welcomed Sheffield Scimitars and continued their impressive performance with a feisty 5-3 win. The existing squad was boosted with the signing of defenceman Barry from Peterborough Phantoms, alongside brothers Reg and Kohen Taylor from Hull Jets. Widnes made a late comeback from 3-0 down in the first leg of the North Cup against Blackburn Hawks, narrowing the deficit to 3-2 despite over 100 penalty minutes handed out. The home advantage came to the saviour of the Wild once more against Billingham, a 5-2 win courtesy of a Hughes hat trick leaving them in a respectable 4th position in the table.

A challenging match-up against Solway saw Wild start the month of December narrowly missing an opportunity to overturn them as despite leading 3-1 at the end of the 2nd with goals from Haggar, Barry and Edwards, the game ended in a 4-3 overtime loss. MVP could only be awarded to long-serving defenceman Kemp having played his last game in a yellow jersey. An important double header against Blackburn in the 2nd leg of the North Cup followed. Despite a 1 goal deficit to overcome, Wild came into the tie more determined however despite Hawks opening the scoring in the 3rd minute Wild dominated the ice, extending their lead to 4-1 at the end of the 2nd. Coles was replaced in net by Preston (Bradford Bulldogs) who was awarded MVP for a shutout in his first senior performance. Murray's late goal secured the 7-4 aggregate win, handing Wild silverware for the 22/23 season. The final two games of 2022 saw Wild travel to Blackburn, unfortunately losing 3-2 and to Solihull Barons for the 1st time in the season, coming out with a narrow 4-3 loss.

The second half of the season started with the crucial semi-final first leg of the Moralee Cup against the Solway Sharks, with Widnes looking to retain the title from the previous season. Sharks proved a point converting most chances leaving Wild trailing a 5-1 deficit. The final home game between the Hawks and Widnes saw Wild finally break their losing streak with a 4-3 overtime win, courtesy of a Britton top corner goal 58 seconds into OT. A solid Sharks side proved themselves early in the second leg of the cup, establishing a 3-0 lead after 20 minutes ending in an 11-2 loss. Widnes then travelled to Solihull managing to put on a much stronger display, tying the game 5-5 at 60 minutes. The end of the month saw a dramatic

* - 2019/20 season in North 2

change to the coaching team after the sudden departure of player-coach Haggard to Hull Jets, replaced by Coulter who was quick to prove his worth. A re-focused team welcomed the Scimitars, comfortably holding a 2- 0 lead after 20 minutes and after a tight second period, further goals from Britton, Edwards and Barlow secured a much needed 2 points. This momentum wasn't carried up to Whitley Bay where Wild were defeated 6-1 after 3 quick goals fired in by the Warriors shortly after puck drop.

February started and Widnes were finally welcomed back to 'The Den' in a highly anticipated derby battle. Dragons' forward McKinney laid down the gauntlet just 43 seconds in but despite Wild snatching the lead they failed to hold the scoreline, finishing 5-2 to Dragons. Widnes then faced league leaders Solway and despite Wild's first-half dominance and an early Edwards goal that momentarily shook Sharks, the champs came away with a 7- 3 win leaving Wild 7 points behind 4th place Solihull. Widnes next looked to seek revenge on rivals Deeside. Dragons' were first to find the net at 7 minutes, however Widnes answered back with 2 quick goals from Britton and Coulter. With Wild leading 5-4 with 2 minutes left in the final frame, Deeside pulled netminder Croyle allowing Edwards to fire the puck down the ice twice, ending the game 7-4 to Widnes. Both netminders were given MVP for their efforts in the crease. With less than 24 hours rest, Wild made the journey to Sheffield but despite this they dominated the Scimitars ending in a respectable 7-2 scoreline. A double home weekend followed with the return of Nottingham Lions. Wild carried their momentum forward from the previous games finishing with a 5-3 victory largely owing to a Britton hat-trick. A hard-fought Deeside derby followed for the final time however Widnes tired early, giving Dragons a 3-0 lead at the end of the 1st and ultimately the score ended 6-1.

The first game of March saw Widnes gain their 1st ever victory in club history over Whitley Warriors. Haid opened the scoring in the 8th minute and the team upheld their lead for the rest of the game, finishing with a much-deserved 5-2 win. Widnes returned to 3rd place Billingham however the Stars put on an impressive performance taking an 8-1 win.

Despite Wilds' determination after some close battles in previous games, ultimately the skill and strength of the Sharks was unmatched in their next match and Wild fell to a 9-1 loss, defenceman Williamson breaking through in the 24th minute. The final away league fixture against rivals Blackburn was vital for Widnes to ensure 5th place in the final standings. Hawks opened the scoring but Hopkins equalised for the Wild leaving the score level after 20 minutes. A single goal from each side saw the score level once more but an impressive 5 minute spell from the Hawks saw the game slip from the grasp of the Wild, ending in a 6-3 defeat. Prior to the final home game, it had been determined that Wild would play Barons the following week in the play-off quarter finals. With Coulter and Captain Jackson out injured for the remainder of the season, the final fixtures would prove difficult to gain points in. Fortunately, after a hard battled 60 minutes, Widnes came out on top with a much needed 5-4 victory leaving Widnes in a respectable 5th place in the Moralee table, with 34 points from 32 games (16 wins, 2 overtime losses).

The away leg of the Playoff quarter-finals was crucial for Wild to come away with a win however Barons opened their account early and further extended their lead to 3-0 by the end of the 1st. A well worked play from Barlow, Corson-Heron, and Edwards at the start of the 2nd narrowed the deficit to 2 but a further goal from Solihull, and another after an altercation between Mitchell and Anderton left Widnes 5-1 down. A well battled 3rd saw a goal-a-piece for both teams, ending the game 6-2. The following night Wild were undoubtedly the hungrier side at puck drop but were caught early on with a bench penalty leading to a powerplay goal for the Barons. An interference call on Harper led to another goal for the Barons whilst several more penalties were handed out during the remains of the 1st period. Wild were hit with 3 more goals, giving the Barons a 10-goal cushion. Nothing could stop their wrath, and an 11-0 (17-2 on aggregate) win saw them comfortably advance to the semis.

Many would argue that this scoreline did not reflect the hard work, commitment, and dedication of everyone involved with the team. However there remains an abundance of positives to take from the 22/23 season, including the North Cup victory, the clubs' first win over Whitley Warriors and the progressive vision of player-coach Coulter who has since been reappointed to the role for 23/24.

CHELMSFORD CHIEFTAINS

by Simon Byrne and Ben Hyde

The 2022/23 Season saw an abundance of changes at The Riverside. Chelmsford Chieftains had to embark on an astonishing rebuild after the previous year saw Joe Wilson get released before the play offs, in which Chelmsford finished runners up to the Streatham Red Hawks. The post season showcase saw 5 experienced campaigners retiring in forward Matty Turner, Captain Julian Smith, forward Darren Brown, forward James Ayling and defenceman Andy Munroe - Turner, Smith and Munroe have all actually returned to the ice since... hockey hey... Stanislav Lascek joined Invicta Dynamos, Miso Korenko returned to his native Slovakia, Liam Chong and Ethan Reid also left the roster.

Top Save Percentage			.909 - Luca Tessadri		

Chelmsford Chieftains announced a New Head Coach, former Bracknell and Romford man Mark Saunders. Mark had a huge task ahead of him to rebuild the team and get them playing together. The rebuild started very quickly with Marks connections far and wide over the UK hockey scene coming in handy, Neil Liddiard, a stalwart of UK ice hockey joined the D line and took the role of player

coach, Anthony Leone returned to Chelmsford those two bringing unquantifiable experience. Younger names were added too with new Captain Callum Burnett, Dan Hitchings, Casey Wilson and Daniel Fay bolstered the defence, joined by highly rated talent Archie Salisbury on a two-way with Peterborough Phantoms. Ollie Baldock returned to Chelmsford, Ross Clarke, Sasha Maltsev, Harry Harcup and Leo Markey, also on a two-way with Peterborough joined the attacking lines as well retention of the all important Bartlett twins, Kieran Raynor, TJ Fillery, Jaden Boolkah, Bailey Chittock, Luca Tessadri, Sonny Phillips, Chris Beckett and James Pentecost.

It was a tough start in the league after a successful challenge weekend with the Slough Jets, but it was taking time for the roster to gel, results were few and far between and performances were inconsistent. The Britton League Cup seemed to bring the best out of the Chieftains with away victories at Invicta, Oxford and Streatham as they topped their cup group.

Some mid-season roster adjustments saw Petr Cech come in from Guildford Phoenix under a huge media frenzy, Ethan Reid return from Raiders, Matty Turner returned from retirement, Chieftains legend Danny Wright filled a slot in the roster, icing when required, George Gell joined the Chieftains ranks and Richie Pickering also stepped up from Chelmsford Warriors. Outs included Harry Harcup who failed to score a point in his time at Chieftains, Leo Markey headed to Raiders Jr on his two-way, Neil Liddiard stepped back up to the National League and Sonny Phillips requested to leave, a request the club reluctantly agreed to and he ended up at Raiders Jr, it was a decision that caused an unrest amongst the fans as Sonny was quite the cult hero.

League fixtures, particularly at home, were causing a bit more fan unrest with home defeats to Milton Keynes Thunder, Solent Devils and a heavy one to Invicta Dynamos saw the club take action at the end of January and Mark Saunders was relieved of his duties. Anthony Leone stepped up to the coaches role as injury was keeping him off the ice and there was an upturn in performances and results.

Towards the end of the season, fans were treated to some great games, a game against Slough on the 25th February where Chieftains won 6-4 was soon touted as game of the season amongst fans, only to be super-ceded by a fantastic win against league champions Streatham on the 12th March, winning 7-2. This really showed how far the team had come, and how Anthony Leone had managed to turn the fortunes of the team around. They were really firing on all cylinders now.

Chieftains made the Britton Cup Final after a tense semi final with Slough Jets and faced a familiar foe in the final the Invicta Dynamos. Chieftains league season came to a close with a terrific 4 point weekend and saw the Chiefs finish in 5th. That meant that after the cup final, our play off opponents were the very same Invicta Dynamos making it a 10 game series between the Essex and Kent based sides this season.

The Britton Cup final finished 9-4 in favour of the horsemen leaving the two sides to fight it out again for a place at the post season showpiece. Invicta took the first leg at Chelmsford 4-2, the second leg was a quite extraordinary game that at one point from 5-4 down, Chieftains got to 7-5 up and forcing overtime but two late goals for Invicta meant Chelmsford Chieftains season had finished, a mid table league finish, a cup final and one of the most dramatic play off quarter finals for quite some time, none of which seemed possible in the dark early days of an incredibly difficult season.

Some truly standout performances this season from Luca Tessadri, Grant Bartlett (48 goals) and

the emergence of young Ukrainian Sasha Maltsev were certainly high points throughout the season. The club have announced that former Milton Keynes Lightning coach Lewis Clifford will take over for the 2023/24 season and we all look forward to seeing what that brings!

INVICTA DYNAMOS

by Karl Lennon

As the club celebrated its 25th year anniversary (established in 1997), the Invicta Dynamos management looked to former Captain Karl Lennon to be the new Head Coach for the 22/23 season. Lennon had stepped out of retirement during the previous season to help the team during a period of injuries and suspensions. His intentions were quite clear from the start, focussing on a young and local roster with the addition of experience and quality from outside the club. With only a handful of players retained Lennon assembled a very young squad with 12 players the age of 23 or under.

The season started positively with some strong performances in both the league and cup competition, notably a huge win away in Chelmsford where they ran out 12-3 winners. Stanislav Lascek with 7pts on the night. It was not all good news though as during that week, the Dynamos lost 2 key players in Tom Soar and Ruskin Springer-Hughes to long term injuries that kept them out of the side for all of October and November.

INVICTA DYNAMOS REGULAR SEASON 2022/23

Top Goals Against Average			4.73 - Owen Rider		
Top Save Percentage			.889 - Owen Rider		

A depleted roster saw the form of the team become quite inconsistent in the league, with a number of narrow losses. In spite of that the group stuck together and battled hard week on week and rightfully qualified from their Cup group after a win against the Oxford City Stars in their final group game.

January was an outstanding month for the Blue and White Army. It saw the team drop only one point in the league in an OT loss to Junior Raiders. They climbed the table, and in addition to that they also played the much anticipated Cup Semifinal against the Solent Devils. Across the two legged affair Invicta managed to secure a 5-5 tie away in Solent and the following night in front of an impressive crowd, a 5-1 win that would see them advance to the Cup Final later in the season. Superb performances from the whole team, but a special note to Netminder Owen Rider who was outstanding across the weekend. In the remaining games of the regular season the Dynamos managed to secure a 4th place position in the league, tied on points but narrowly missing out on 3rd after a poorer head to head with the Slough Jets but still a two place improvement on the previous season.

As the regular season completed, the Mo's headed into their Cup Final with the Chieftains. Playing at home first in front of a 1,100 sellout crowd, the two sides were very well matched in the opening two periods, but in the 3rd the Dynamos scored 3 unanswered goals as the team took a 6-3 lead into the Riverside the following night. An extremely determined and disciplined display there saw the first two periods goalless and finishes from Juraj Huska, Owen Dell and Richard Harris secured the silverware. The first in five years for the team and 20th trophy in the clubs 25 years.

It was the Chieftains again the following weekend for another double header, this time in the Playoff Quarter Finals. Home advantage was reversed, seeing the Mo's take a narrow 4-2 lead in Chelmsford back to Planet Ice Gillingham. On the Sunday we saw another dramatic encounter between the sides, an end to end game (in fact the 10th game between the sides in the season) that saw a 7-7 tie on the night but an aggregate win for the Dynamos that secured the teams place at the Playoff Weekend in Milton Keynes the following week.

This was the first time that the Mo's had reached the Play Off Semifinal since 2017 and once again in a Semifinal they were matched up with the Solent Devils. In what was a very cagey game the Dynamos had the bulk of the good chances in the game and deservedly had a 2 goal lead with goals from Josh Condren, Louis Colvin and Juraj Huska. In the closing minutes the Devils made a bold move, pulling their netminder. They managed to squeeze in two goals before the final buzzer that saw the game head to Overtime. The OT period started with the Mo's having to kill a 5 minute major penalty that had been incurred in the final seconds of regulation time and they started overtime with a 2 minute minor resulting in a 5 on 3 Powerplay for Solent. Despite some valiant defending in the final minute, again the Devils managed to find the vital goal that sent them through to the final.

All in all, an extremely positive season resulting in a long awaited trophy for the Dynamos.

MILTON KEYNES THUNDER

by Lauren Cox

At the start of the season we were prepared for a strong one. Our affiliation with MK Storm Junior Club is starting to come together and we have some amazing youngsters. We picked up points here and there we were plagued with injury more than we ever have been and most games played 2-line hockey. Our first weekend of 2023, we won 2 games and earned our first 4-point weekend in years. A few days later, TC and Flatsy left the club for a National League team. This was devastating for us. They weren't just top line forwards, they were mentors to our young team.

Not everything has been negative, while we were strong, we took teams by surprise, new Head Coach Elliott Moran, has been a breath of fresh air. Elliott coached a lot of the youngsters for the best part of a decade as part of the junior club which has ensured the transition from juniors to seniors has been a smooth one.

Our juniors have been fantastic this season. #6 Cole McCluskey has stepped up and became one of our best forwards. #10 Cassius

McCormack brings an insane amount of energy to the ice. #5 Oliver Knaggs made GB U18! #34 Vincent Graziano started a lot of games and has really done us proud with his shot stopping skills. Charlie Conroy, Corey Taylor and Jacob Sheahan also stepped up this season.

Head Coach Elliott Moran, has done an outstanding job with the limited resources he has had. Commitment and fitness are things we are looking to improve on next season.

OXFORD CITY STARS

by Ian Dibley

The summer saw the reappointment as Simon Anderson as Stars Coach. Anderson would rely on some old Stars favourites and the introduction of some new faces. His biggest problem would turn out to be availability of players, in the main, due to family commitments. Whilst signing players made it clear that they would have limited availability, the length of some absences seems to have exceeded the initial expectations. The use of two-way players from Bristol, also contributed to the unsettled roster for games.

Summer signings included a couple of surprises. The former Stars and Swindon player Shannon Taylor returned to playing after 7 years out of the game. Injury was to cut short his season though. Stars also signed Brad Watchorn, who was returning to the sport after 6 years out. More was expected of him as he only managed 6 appearances. A feisty Australian, Xander Wardlaw was signed and he would go on to be Stars top point scorer in the season. The intention was to partner him with Jakub Klima, who was returning to Stars colours. Klima was to play

one game before he was released for personal reasons. The introduction of NIHL2 hockey at Oxford, through the Oxford Rising Stars, gave a ready-made “non-EIHA trained” player in Jagger Statton. The 23-year-old, Canadian, utility player would end up with a return of a point per game. Standout for the Stars was netminder Ross Miller who increased his save percentage to over 90%, which considering, it was not unusual for him to see the opposition muster 50+ shots per game, contributed to his end of season award of defensive player of the year. Josh Abbott signed from Guildford and contributed, on average a point per game. This was enough to see him 2nd in the Stars scoring charts.

A mixture of fixtures from the League and the Cup gave Stars an awkward start with 4 fixtures against then reigning champions Streatham Redhawks, within the first month. The season started brightly with victory over Slough Jets and then an Overtime winner at Romford Junior Raiders. The next league points were not secured until December when Milton Keynes Thunder were beaten by the odd goal in 7, in a very intense affair at Oxpens Road.

The start of 2023 saw some changes in the roster. Theo Bundock and Scott Anda, stepped up permanently from the NIHL2 Oxford Rising Stars. The addition of former Basingstoke Bison player Adrian Duszniak gave more potency going forward, as did the signing of Bailey Hind-Pitcher, another on a 2-way deal from Bristol. Performances improved, if not overall results. Two overtime losses, in January at home to Chelmsford Chieftains and Solent Devils, were all the Stars had to show for their efforts.

In February Stars managed 5 wins beating Milton Keynes Thunder twice, Romford Junior Raiders twice and a home victory over Invicta Dynamos. The month ended with a disappointing home defeat to Romford especially considering Stars had won comfortably, the reverse fixture, in Essex the night before. The first weekend in March saw Stars obtain the magical away "4-point weekend" when they beat Milton Keynes and then Chelmsford, both in overtime. The best Stars performance of the season, came in the final league game when they beat Slough Jets 5-1 to finish off the regular season how they had started it. This 2nd half of the season improvement was, in a great part due to the first line forward combination of Wardlaw, Hind-Pitcher and Aaron Moody gelling as a unit. Stars finished 5 points behind 3rd place, although this equated to 7th in the league. The Stars were to bow out at the quarter final stages of the play offs, losing at home by 4 goals to 2 to Solent Devils and then losing 11-4 at Gosport the following night.

ROMFORD JUNIOR RAIDERS

by Matt Udall

Having pulled off an upset in the 2021/2022 season to make it into the final fours weekend and having had a season where they beat every single team in the league including Streatham. There was a lot of promise of a solid platform to build off of heading into the 22/23 campaign. So when the news broke over the summer that coach Mark Saunders would be departing the club alongside a lot of the key players that contributed to the successes.

There was an ardour of disappointment and fears that the progression would be reset and that the club would have to work their way back from the bottom of the table. However, the appointment of Jason Buckman and the subsequent signing of a couple of Phantoms 2 players in Nathan Long and Jordan Liddell soon restored faith that another competitive squad could be formed. The retention of both Tjay Anderson and Marco Pascale, albeit on 2-ways, was a big boost to the club. Marco's twin brother Luca would be back to full fitness after injury and Harvey Briggs would be returning to continue his promising development. Add that to the returning experienced core of Tom Wilson, Stevie Dunnage, Donald Campbell, Elliott Dervish and Courtney Grant and you had the baseline for progressing juniors to develop around.

ROMFORD JUNIOR RAIDERS REG SEASON 2022/23					
2022/23 REC: 11-14-3, 6th in South 1					
PP%	19.42%	5th	PK%	82.72%	4th
SF	36.82	6th	SA	36.32	4th

S%	9.70%	6th	SV%	.880	7th
Top Point Scorer			33 - Tjay Anderson		
Top Goal Scorer			23 - Tjay Anderson		
Top Assists			23 - Luca Pascale		
Top Penalty Minutes			41 - Elliot Dervish		
Top Wins			8 - Sonny Phillips		
Top Goals Against Average			3.82 - Sonny Phillips		
Top Save Percentage			.889 - Sonny Phillips		

However, a hindering issue would be quickly found in the levels of player availability for the season when the team were forced to cancel a crucial pre-season weekend against Oxford due to lack of players available. An issue that would continue to rear its ugly head throughout the campaign. But despite that the Raiders showed early season promise with some strong, albeit losing, performances including a thriller against the Dynamos that proved that the Raiders had goal scoring quality, but maybe just not enough at the other end of the ice.

You could tell that frustrations were creeping in with an early handful of narrow defeats but fortunately those all came in the cup round robin and with the League becoming full focus the Raiders pulled off incredible home victories against both Chelmsford and Invicta as well as a road win against Slough to truly state their intentions.

2022/23	9.70%

But it would be the inconsistency of squad availability that would ultimately turn each game into a lottery. And those impressive victories against top teams would be counteracted by defeats to bottom of the table teams like MK and Oxford. Now understandably, a hefty part of that issue was the National Raiders usage of Tjay Anderson and Marco Pascale. It's a tricky beast juggling your juniors whom you, on one hand want to see get the game time and progression to the league above that they deserve, whilst on the other wanting them to be a crucial part of the team in a Raiders 2 contest. Ultimately you cannot rely on a 2 way player being the core of the team but it did feel that Tjay Anderson was the crucial piece sometimes in the Raiders 2 squad. Not only did he find the back of the net when no one else could seem to but the whole confidence of the squad seemed to skyrocket when he was available.

So results fluctuated throughout the season due to availability and that was a problem that unfortunately could not be addressed. However one issue that could be was the lack of experience in between the pipes. No disrespect to Dylan Phillips and Luke Clark who both put in some big performances early season, but the lack of experience at this level would make life difficult at points, so when Sonny Phillips signed for the team midway through it would serve as a crucial boost to the shot stopping department. There is no doubt he was a key piece of the puzzle in the Raiders 2nd half of the season.

So when all was said and done the Raiders finished 6th and only a couple of points above Oxford in 7th, but it meant that they crucially avoided the big 2 in Streatham and Solent in the quarter finals. Instead it would be the 3rd place team. Which is ironic really because I do strongly believe that if the Raiders had a full squad for every game during the season they would have finished in third place themselves. As it turned out it would be the Slough Jets who would be the opponents over 2 legs and with Slough being a similar team in the way they were set up this was expected to be a cracker and boy did it deliver on expectations.

Despite being the lower seed. It felt, especially knowing Anderson and Pascale would be in the lineup, that the Raiders were the favourites and with the Bees fixtures forcing the Jets to give the 2nd leg home advantage to the Raiders that would be an added advantage for the Raiders. Having taken a 2 goal advantage from the away leg there seemed like no doubt that the Raiders would be making it to the finals for the 2nd year running. However, a warm up altercation seemed to get in the heads of the Raiders in the 2nd leg and the Jets would stun everyone by going 4-0 up and 2 up on aggregate with less than 15 minutes played. Now for most teams that would be a devastating blow that would probably be difficult to overcome for most. But after a perfectly used timeout the Raiders would respond in the final 5 with 3 quickfire goals to take the advantage back. From there it was a confident display from the Raiders, who responded to all of the rough play the Jets were giving, and yes, although Tjay Anderson scored 8 of the 11 goals in the tie, it was a great team effort that once again, for a 2nd string team in a league of mostly first string teams, exceeded all expectations.

2021/22	31.44
2022/23	36.32

Unfortunately, the inevitable elimination at the hands of Streatham would once again follow at the finals event, but once again the Raiders just making the event is a testament to the hard work that is being put in to develop players in Romford. They will not have Anderson or M.Pascale to rely on next season but with a rebranding in effect and the whole of the Romford hockey system now working as one, there is a strong baseline for the future and I have no doubt the team will continue to compete at this level going forward.

SLOUGH JETS

by Mike Shepherd

The most important signings of the season were the coaching staff as Slough Jets headed into the new season with head coach Lukas Smital looking to build on a good season with youth and energy. The major shock was the loss of Captain and senior player Dan Rose to Bees in the National league. It continued a migration of players to the Bees over the past couple of seasons on permanent and 2 way deals. The captaincy moved to the returning Conor Redmond who continued to add his experience to the side. Jets had already lost a couple of players before the end of the previous season with Tom Banner and Solomon Smith moving on. Harry Harcup also moved across to Chelmsford before moving mid season to Bees. Dan Bradley was the other loss to Bristol Pitbulls in the National League after a really solid season with the Jets. The core of the team was re-signed including the promising netminding tandem of the Brett's Shepherd and Massey, the exciting emergence of Jacob White-Sey, talented forwards Luke Smital and Christian Mohr along with the core of English, Cathcart, Minter, Dreelan, Soper, Cowan, Clark and Hildreth.

Additions were the exciting U18s of Seb Mohr from Jets U18s, Dylan Holicka, Adam Erskine from Romford Junior Raiders, Roman Cathcart and Ollie Hemmings-Maher who joined on 2 ways with Basingstoke Bison. During the season further additions from the U18 squad made good showings. There were 12 players on 2-way deals with National league sides during the season for the Jets which shows how highly rated many of these young players are. The rosters average age was under 20 making them a significantly younger squad than any other in the league. As with the season before, they were a side put together on a small budget with player development at the heart of their ambition. That is not to say this team was not hungry to grab some silverware.

After getting the rust off the skates the first few games, Jets put together a good run of form winning seven games in a row which left them well placed in the top half of the table. Notable victories were against the Solent Devils and a trio of wins against the Invicta Dynamos. Romford Junior Raiders stopped the streak and proved difficult opponents all year. The other team who seemed impossible to beat were Chelmsford Chieftains where matches often proved quite feisty and where the Bartlett brothers seemed to nearly always have a heyday.

A couple of victories saw Jets qualify for the cup semi finals with a game to spare but the game against Solent was never played leaving Jets meeting up with their nemesis Chelmsford Chieftains in the semi-finals. Another run of 4 wins including the only one all season at home against Chelmsford where Brett Shepherd stood on his head with 61 saves to help get them a 3-1 victory. This saw them well placed before meeting league favourites Streatham and going down a fairly respectable 4-1. By now injuries were starting to be factor for Jets, Jacob Minter was out for a significant time after a hit into the boards and the key injury was the loss of Luke Smital who was injured playing for Bristol Pitbulls when he was the leading goal scorer at that time. He was only to return for one game later in the season before picking up a league season ending knee injury. Jets also lost Ollie Hemmings-Maher to long term injury in the second half of the season which really blunted Jets goalscoring. A big boost to the side was the addition of Jack Goodchild who joined from Swindon. He slotted into the side very well and chipped in with some key goals.

Jets stalwart Timo Lindgren was a January signing but made very few appearances due to commitments. The first game of the New year was a strange loss away to Milton Keynes Thunder. Thunder had struggled all year but had already had some close games with the Jets. Thunder won this game in overtime after a bold call by Jets to pull the netminder in overtime backfired and gifted Alex Whyte the chance to take the extra point. It's a point that could have proved costly to their final league placing. MK Thunder were beat comprehensively at the end of January 6-0 with Brett Massey getting the shutout.

With Streatham effectively out of this cup tournament due to fielding an ineligible player, this was a great opportunity for Jets to claim a trophy. Standing in their way were the Chelmsford Chieftains who we had struggled to get anything from. With the first leg at home Jets needed to keep in touch with them. The Bartlett brothers did the damage again as they took the first leg 5-3.

A hat trick for Grant Bartlett and markers from Carr Bartlett and Keiron Raynor. For the Jets the Mohr brothers put up a strong showing with Christian scoring 2 and Seb with the other. The away leg in Chelmsford was a nail biter. It was a poor start for the Jets losing a couple of goals before English pulled one back. He was star man on the night and what looked like being a landslide turned back into a possibility with the scores on the night back to 4-4 after two periods leaving Jets two goals shy of tying it up. Into the third and Jacob Soper scored to take Jets within one goal. Jets got another at 47 minutes. The pressure and sheer exertion from the team ultimately showed though and despite getting the 6th, two late powerplay goals from Chelmsford after Jets player Bradburn was ejected put Chelmsford through but what a game they were given.

It's fair to say goalscoring was proving an issue all season. The Jets way behind most other teams with the second lowest output of goals. Injuries didn't help, lines were juggled, Juniors integrated to fill gaps but the second half of the season for Jets was patchy and having to face the stronger teams more meant the team didn't get a proper run of wins. As other sides had strengthened or got players back from injury it became a close run in for 3rd place with potentially 5 teams all in contention. Jets put in their best performance against Streatham losing 3-2 in a game which would crown Streatham champions. The other sides were all beating each other and eventually it was coming down to the head to head results as to who ended up third behind a dominant Streatham Redhawks and a very decent Solent Devils side. Streatham proved to be the only side who the Jets couldn't beat during the season but their 3rd best defensive record helped them claim a recent NIHL1 season best 3rd place.

Jets had good representation in both the GB U20s and GBU18s during the season. Christian Mohr and Jacob White-Sey featured for the U20s whilst Jacob White-Sey, Adam Erskine, Dylan Holicka and Sebastian Mohr made the U18s. The GB U18s tournament clashed with the NIHL playoffs dates meaning players would be missing for playoff matches. Jacob White-Sey being given the honour of GB U18s captain.

For the playoffs the Slough Jets were drawn against the Romford Junior Raiders. Matches against them all season had been tight and liable to go either way. As with the Cup semi-final, Jets left themselves too much to do after losing the first leg 4-2 at home. Jets painfully giving up two short-handed goals to hand Junior Raiders the initiative. In Romford the following day though Jets stormed into a 4-0 lead with fast decisive attacking play and the Junior Raiders looking shell shocked. The match descended into several niggly brawls on the ice between the teams players, players thrown out and tons of penalties. It gave all the opportunity for Junior Raiders to get back into the game. Before long it was back to 4-3.

Despite getting their noses back in front 6-3 (8-7 of agg.), Jets showed their inexperience, were losing their heads and making mistakes that the Raiders team took advantage of on numerous powerplays. The match was an exhausting goal fest with little defending on show. The final empty net goal for star man Tjay Anderson won it on the night 7-6 for Junior Raiders and ended on a deflating and disappointing note for Jets after such a bright start and what can be counted as a very solid season at this level with such a young side. Overall a team that showed many have a bright future in the British game. If Jets can hang on to a few key players and keep producing young players from the junior system then they have an excellent chance of building on this next season.

As with most clubs, fundraising and charity is very much a part of what the club supports. The club supported the Childrens Hospital Pyjamas charity. The Jets were also keen to fundraise for highly valued long time supporter and volunteer Matt Parsons who needs £50,000 to help him fund treatment costs in his battle against Motor Neurone disease which he was diagnosed with in Feb 2022. The club staged several successful events and an auction to help raise funds and the fund raising continues.

SOLENT DEVILS

by Sam McLeod and Dylan Morley

After some chill-inducing highs and some frustrating lows, some battles with injury and difficulties with working arrangements, the Solent Devils manage to shatter the entire leagues expectations with an unfathomable performance which is sure to be one that fans and the retiring players will undoubtedly remember for a long time!

The 2021 / 2022 season did not end how the Devils would have hoped with a heartbreaking loss to the Romford Jr Raiders in the playoff quarter finals. This meant that the Devils were unable to attend Milton Keynes to compete in the playoff finals. This stuck with the players and coaching team teaching them the unpredictable nature of this sport in the rawest form. The Devils still finished the season 2nd place, however their end goal was clearly something further which grows more and more difficult in this very competitive league.

The Devils opened the new season with a fresh start and an open mind with new spaces

for Solent Jr Devils to sign two-way contracts, to take their shot at playing in a semi-professional league. The Devils re-signed the majority of the solid core as well as introduce some new faces from across the hockey world including Luke Forsyth, a veteran Roller Hockey player trying his hand at the ice, as well as depth player Liam Coleman who joined the team after a regression the season prior with the Bristol Pitbulls.

The season began with a mixture of league and south cup games. The Devils took a different approach to this split with the cup games being dedicated to allowing younger players get more ice time with some veterans and Chico to rest more on the bench. This gave the prospects time to get a feel for the level of play seen in division 1 without the Devils potentially losing out on precious points required in the main season. The youngsters backed up by Mark Duffy were able to compete up to the semi finals where they fell short to the Invicta Dynamos in a two game stretch. This loss was not all bad news as it showed the management and coaching team who was capable of stepping up to the challenge and who deserved a better chance during the regular season and for the upcoming playoffs.

The start overall saw some tight matchups and close games. The goal differentials were close but the Devils always seemed to find a way to win. They entered the season with multiple 5 game win streaks and were even one of the only teams to defeat the team which has been dominating this league for years, the Streatham Redhawks.

The Devils seemed to lose their stride at the beginning of 2023 with a long series of losses for the club. The cup semi final was lost and the league games were drawn out into overtimes and shootouts. The end of January saw the Devils find a way to win with multiple comeback overtime wins against the Oxford City Stars and Chelmsford Chieftains. Heading into February on a high note was promising as the play offs approached nearer and nearer.

The Devils organisation was faced with an unfortunate schedule as the younger players on two-way contracts rarely had an opportunity to play in the higher league as they had their own crucial games on at the same time. Luckily February saw a break which offered an opportunity for some players to fill out the roster slots. The Devils called up some young talent for the next stretch of games. However a heated match up would unfortunately see young Defenceman Harry Cloutman sustain a season ending upper body injury.

This seemed to act as a major wake up call for the team and a change in their usual play was made for a short period of time. The Devils traditional defensive style took a backseat and their offence took centre ice throughout the rest of February and March with large goal differentials such as 5-0, 7-1 and 8-1. This helped everyone gain confidence and the lines to solidify heading into April where all focus was on the playoffs.

The Devils began their playoff journey on the road to Oxford which saw an amazing turn out of fans going along to show their support. Both teams played a great balanced game with amazing displays of offence and defence with lots of great chances. The Devils won this one but it only gave them a 2 goal lead heading into Sunday.

The Devils were amped up for Sunday, a packed out home crowd and playoff hockey vibes in the atmosphere. The game was physical but the Devils tightened up and were more efficient and clinical with getting the puck out of their zone which limited the Stars' opportunities and increased their own and saw them pick up an astounding 11 goals. The team gave more minutes to younger players which saw Charlie Wedge pick up a beautiful goal showing off his wheels and finishing down the wing. This saw the Devils qualify to head to Milton Keynes for the playoff finals for the first time in this division.

To be completely honest, I don't know if I'll ever find all of the words to truly describe what happened next. The teams were announced onto the ice for Sunday's semi final. The roar from the crowd was unbelievable, nothing but raw passion energising the team. Warmups came to a close and after a round of Zambonis, the teams lined up for puck drop. The teams were closely matched and played a physical game. The Devils resorted to their default of defensive-minded play which the Dynamos matched with a bombardment of shots on goal. The Devils took quite some time to settle their nerves and to look comfortable in the game, but eventually the scoring slowed down and the Devils saw some time in the offensive zone. Unfortunately their chances on net weren't good enough to get past the Dynamos netminder. The Dynamos took a 3-1 lead in the final minute of the final period which didn't look like it was going to be altered.

Fans started to look more and more deflated, tired and that their fate was set in stone. The Devils called a timeout and a wave of shaking heads washed over the crowd as the play was read. The riskiest play the Devils could pull, pulling their All-Star franchise goaltender Chico Cole, the one keeping them in this game. Only 30 seconds remain in this hockey game and they need a miracle to recover 2 goals in this time. But this is Ice Hockey, there is no other sport like it on the entire planet and every millisecond can alter the entire game... Little did the rest of the arena know but this was not a hopeless last ditch effort. The Devils put out a line of experience and league leaders in scoring. 6 on 5 with less than 30 seconds left of this game. The Devils were playing with everything they had, they left it all out there that night. That miracle somehow aligned that night. First, newcomer Liam Coleman scores, there's hope yet, 3-2. Then with just seconds left, Jamie Fitzpatrick scored stepping down the blue line. A perfect slap shot in one of his final games to tie it and to send the fans jumping around in an explosion of emotion which reflected on the Devils bench. "We could really be about to do this!". The buzzer sounded to say end of regulation and both teams headed to their respective benches. All fans lost for words after seeing that comeback, Devils, Dynamos and every other team. Devils players high on adrenaline head to centre ice. Just one more goal to finish the comeback and to shock the hockey world. Some back and forth in chances, but none to end it. But then, it happened. Liam Coleman flies down the right hand side and buries it top right corner and looks to the fans as they lose their minds and the bench bundles him into

the boards. Tears were shed, voices were long gone and one thing was for sure, nobody was going to sleep that night! A once in a lifetime occurrence every fan cherishes the chance to be able to watch in person. A story everyone will tell to everyone they know for years and years to come. The comeback of the year, the century. After what just happened sunk in, the Devils players lined up in front of their fans and showed their appreciation for their commitment. This was a picture perfect moment with them looking at each other lost for words. This is hockey and the Devils do it all to qualify for the 2023 playoff final against their rivals, The Streatham Redhawks.

It quickly became clear the Devils gave it their all the night before as they looked deflated, like they couldn't keep up with the physical hitting and offensive play style of the Redhawks. Steve Osman managed to slip one by in the first period of the game but it quickly ran away from them. Unfortunately, the inevitable elimination to the hands of the Streatham Redhawks would once again follow at the finals with a 5-1 score. The Solent Devils announced at the end of the game that next season they will not have some of their franchise core players to rely on next season.

Christian "Chico" Cole, a true display of pure love for the sport and dedication. Despite spending his youth on the bench and playing out of Gosport, Chico found a way to grow to become the best Goaltender out of the Devil's system and one of the best Goaltenders the UK may ever see. In his prime he was a constant shut out machine and even in his retirement year his numbers were outstanding. He single handedly won many games for his team over the many years and the hole left by him in the team may never truly be fully filled. A quiet humble person off the ice and a team first brick wall on it.

Mark Pitts has been a reliable first line centre for the club for as long as I can remember. He's a great face-off taker and is excellent at setting up plays and giving perfect passes. He has also scored some huge goals both breakaway style and even strength battles around the net, he was never afraid to get stuck in going for puck battles in the corner, trying to poke his way to make the puck cross the line in a bundle. He would often skate down centre ice in the offensive zone to control the game single handedly to set up a play or to buy his team time to change lines. He was always consistent in scoring and you could always count on him to show up even through injury. He also helped in leadership donning the "A" for the team.

Ben Lock was the definition of a defensive defenseman, a player who goes unnoticed as his name doesn't appear on the scoresheet often but a player every other NIHL team would adore to have on their roster. He was a unit who held the blue line. Lock cycled the puck out of the zone to the forwards efficiently and was a perfect defenseman blocking as many shots as he could, landing heavy hits, blocking passing lanes and just his all round reliability. Not many players would put their entire body on the line each and every game especially not when they have a job and they aren't being paid to play.

Last but not least, Jamie Fitzpatrick. Fitz has been a solid offensive defenseman for the club. He's not afraid to get his hands dirty or to stick up for the team if it's needed, but he also is great at blocking passing lanes and contributing offensively. Fitz took every opportunity he saw to go on breakaways or to shoot through traffic from the blue line and he gave the team lots of big longshot goals, seen perfectly in the playoff semi finals. He was also the only defenseman in the league to score a hat-trick in the regular season.

There is no doubt that these players will be missed dearly and that their presence will be missed in games to come for quite some time, but this is also a big part of hockey and I am happy for them and their families as they move onto other chapters in their lives and work careers. With a rebuild in full effect there is a strong baseline for the future and with the players that have come out of the Devil's system in the past, I have no doubt the team will find a way to win games and to still stay competitive at this level going forward.

STREATHAM REDHAWKS

by Chris Beal

In the summer of 2017, Jeremy Cornish set out to change the fortunes of a team that had suffered long at the hands of fate. For 30 years Streatham hockey fans had dreamed of the day they would celebrate a trophy, any trophy. As the saying goes if you wait long enough for a bus 2 maybe even 3 will show up, certainly anyone who's waited for a 109 to Brixton in Streatham knows that to be true. But now after those 30 years Streatham fans now know, wait long enough for a championship and 8 all come along at once. In 1997 WCW President Eric Bischoff said upon joining the mega heel faction the n.W.o "we are going to build a dynasty, you're either with us or you're against us"

And it's been that mentality that has seen Streatham thrive over the last 3 seasons. While life away from hockey meant Cornish had to depart the club, his legacy has lived on under 3 different head coaches. All of whom have enjoyed that sentiment of Bischoff's when it comes to recruitment. As the club has gone from a team that couldn't out compete Chelmsford and Invicta for signings, to the club everyone wants to sign for to win a championship. If they couldn't beat us they wanted to join us.

That combined with the foundations and core group signed by Jeremy Cornish has seen the club go on to become the powerhouse of NIHL 1 South. This past season saw that firepower added to even further as rookie coach Ben Paynter added Jared Lane and Iggy Ragas. While the defensive lines were bolstered by the addition of high calibre defenceman Tomasz Skokan and further reinforced by soon to be fan favourite Henry Aiken.

The season got off to a strong start with Streatham picking up where they had left off in the league the previous season picking up wins both home and away. But despite coach Paynter's philosophy of victory through overwhelming firepower the wins to start the season were not of the dominant variety Streatham fans had become accustomed to. In fact, early games against Invicta and Solent saw the Redhawks pressed hard. Then in November the revelation of an administrative oversight would see many around the league dare to dream that maybe the era of Streatham dominance was soon to end.

As the revelation Streatham had illegally iced Vanya Antonov in their opening 4 cup games, saw Streatham tumble out of the challenge cup. The loss of Antonov, the docking of points had the knock on forcing the team to rely on results elsewhere and winning every game to get out of the group stage. A win by an unfavourable goal margin in Invicta however put an end to that hope. The team would then suffer its first defeats of the season to Chelmsford and title rivals Solent in quick succession.

Triumph can sometimes be born from adversity, however. Early in the season there had been questions over new additions Skokan, Lane and Aiken, and if this team could do the job. But in the wake of these two losses the team, and these 3 players in particular would come to the fore. Lane would establish a productive partnership with Ragas and Watt, that tore through defensive lines. While Aiken would become the replacement for Andrew Cook everyone hoped he would be. Combined with Danny Ingoldsby and Vanya Antonov having their own private fight for the scoring title and Tomasz Skokan filling the off-D gap left by Farn the club would go on a tear winning 13 games unbeaten

This unbeaten run would include the game that undoubtedly won the league title as they would defeat Solent 3-2 in a 1 goal thriller that should have gone to overtime if not for a link up that would see Ben Paynter tip Ryan Watts point shot in to the net with 21 seconds left. Streatham would seal the league title against the in March in similar fashion as another 3-2 win this time over the Slough Jets. Saw a tense come from behind victory lead to a 3rd round of champagne cork popping to celebrate a league title on the High Road.

Streatham's hangover would see them stumble to a heavy 7-2 defeat against Chelmsford the following weekend. But the championship winning form would continue through the remaining league games and into the play offs. Where they would first defeat the MK Thunder 15-1 on aggregate. Before a dominant pair of wins in the finals weekend 6-2 over the Junior Raiders and 5-1 over the Solent Devils in the final.

Both performances back stopped by a dominant Danny Milton. Who had only played 7 games total for the Redhawks that season but was a total shutdown netminder for Streatham in the play offs.

Streatham entered the post season at full strength and with the knowledge over the play off weekend that starting netminder Tom Annetts would be hanging his skates up. He would receive the guard of honour in Milton Keynes along with Chico Cole and several others on the Devils roster to signify the end of his career.

But while Tom's career was ending, Streatham could celebrate the beginnings of 3 new careers. Maks Maslak, Preston Tombs and Emil Oksanen had all come up through Streatham's academy system and coach Paynter had given them a chance to develop further. Earning plenty of ice time, playing big shifts and putting up points and goals all 3 showed great promise in much the same vein as Jack Hoppes and Millique Martelly before them. The club will hope to hang on to them going forward.

The good times, sadly came to an end in Coventry as the Solway Sharks ended the Redhawks hopes of a grand slam, with a dominant performance that saw the Sharks bow out of NIHL 1 with a 4-0 win in the final. Speaking to head coach Paynter post game it had been a sobering defeat, something the club had not been used to in recent seasons. But it was also apparent the plan for the new season was already coming together in his mind. But the final loss aside it was all in all another season of success on the High Road, and now Ben Paynter gets a crack at something his predecessors didn't, the difficult second album, and another crack at being the best at being the bad guys.

ALTRINCHAM ACES

by Rob Hutchinson

Altrincham Aces achieved a play off spot on the back of icing a development team for the first time in many years with an average age of 22 years old. Fourteen experienced players chose not to return from the previous year for various reasons, the Aces had little choice but to go with a very young squad for the 2022/23 season plus a few experienced players.

Netminding was led by 22 year old Evan Coles on a 2 way with Widnes Wild and rookie Cameron Valentine-Higgs moving up from the Manchester Storm Academy. Ukrainian teenage refugee, Makar Ganin from Kyiv provided emergency cover for 4 games.

In defence import David Kamenicek returned for a third season along with Max Sullivan. Elite and IIHF referee James Ashton moved up from rec hockey to play a season of league hockey with Aces and help with player development and took on the Captaincy role. Various players played in defence throughout the season including Manchester Storm Academy Under 18s James Best and Charles Phillips for the full season, the latter securing a 2-way with Blackburn Hawks along with Ben McLellan.

Six forwards returned from the previous season and along with newcomers Grace Garbett on a 2-way with Solihull Vixens, DJ Thompson from Swindon Wildcats 2, Jake Frost from Sutton Sting, David Kovacs from various recreation teams and Elliot Hunt from Manchester Storm Academy.

During the season as part of the Blackburn Hawks 2-way pathway, the Aces welcomed and benefited from both Ronnie Grimes and Dylan Harcourt adding some depth to the offence, chipping in with some great performances and points.

The target for the season was to equal or better the previous season finish of sixth spot, for most of the season the Aces held third spot behind runaway leaders Hull and Telford. A Play Off spot was secured over the final weekend of the season with four points against Sutton Sting in two very tight games that both went to overtime.

Special mention for Aces forward Sam Dunford who is retiring from hockey after 25 years of playing. Sam came through the Blackburn juniors and then onto Hawks and Eagles senior teams and celebrated a championship winning season in 2016-17. Playing 465 games, scoring over 150 goals, 335 points. Sam racked up some serious minutes every game. Not forgetting an outstanding penalty minutes record of just an average 4 minutes per season! Enjoy your retirement Sam.

BRADFORD BULLDOGS

by Phil Harrison

THE final regular season league placing may not have suggested so, but head coach Andy Brown believes it was a case of 'mission accomplished' by Bradford Bulldogs during what he regarded primarily as a rebuilding season for the club in 2022-23.

The North Two campaign ended slightly earlier than expected with two games unable to be fulfilled because games couldn't be rearranged in the timeframe allowed by league bosses.

It meant that the Bulldogs were awarded wins against Nottingham Lions 2 and Sheffield Titans, enough to give them 10 wins from 28 regular season games, finishing seventh in the standings with 21 points. Two more wins would have seen the Bulldogs finish fifth.

Brown said at the start of the campaign that 2022-23 would be a rebuild year, given the number of experienced players that had retired

from playing, including the likes of Matt Viney and Chris Butler, plus others such as Matty Barlow and Josh Richardson who had moved up to Division One hockey with Widnes and Deeside respectively.

"It was definitely a rebuild year for us," said Brown. "We lost a lot of key players, a lot of experienced players from last year, so we knew it was going to be tough and we were going to have to bring some 18s through and some guys who had just moved on from the 18s and we've managed to do that."

"As a result of that, we weren't really expecting great things with regard to league placings - it was more to do with starting to put the foundations in place for the next couple of years going forward.

"And I feel like we have done that to a certain extent. We've probably won more games than I thought we would, if I'm honest, so we've probably done better in the league than I felt we would."

"If we'd won the last game of the season we'd have finished fifth, just one place off the play-offs - that would have been a bit crazy."

In terms of scoring, forward Josh Stockton again proved his value to the team by finishing top of the stats for North Two, plundering 32 goals and 17 assists in 21 league appearances, with regular line-mate Connor Medley next in line with 18 goals and 24 assists in 26 league games.

For Brown though, the Bulldogs' ethos remains chiefly in development, initially giving youngsters the chance to wet their feet at North Two before going on to play at a higher level, either on a two-way deal or full-time.

If that can be married with pushing for the play-offs on a regular basis then all the better, but Brown is keen to retain the main focus on youngsters coming through the system.

The 2023-24 season will see the likes of Rhys Edwards and Damarni James move on from the club entirely, both having Widnes Wild as their main club, with Edwards on a two-way with NIHL National's Hull Seahawks.

"If we had a bigger rink with a bigger capacity etc and we could accommodate D1 or even NIHL National hockey, of course I would want to be a team challenging at the top," added Brown.

"I think D2 is still - or should be - a development league and if we're developing our players right, we should be looking to develop them to go on and play higher than D2 elsewhere. "So it should always be a stepping stone for players to come through and move on to a higher level and I'm happy with that."

"If at some stage we could have a new rink in Bradford that has 1,000 or more seats it would be fantastic. Then, everything changes and you adjust your ambitions and your targets."

"We definitely want to be a top team in whatever division we may be in but, right now, we've got to be realistic with what we've got. I think we do well with what we've got and we need to continue to do that."

HULL JETS

taken from the EIHA Play Off Finals programme

Having finished last season as the playoff and cup winners, time served Jets Dan Hackford and Jamie Cobley decided to retire.

The emergence of Hull Seahawks at National League level saw youngsters Alex Kent and Declan Jones leave, along with netminder Dominic Smith signing on a two way. Defenceman Oliver Peers also left to play division one with Blackburn Hawks.

Tom Brierley returning for Jets having spent the previous season with Widnes Wild. Youngsters Kohen Taylor, Lewis Rogers, Ethan Daintith and Owen Bruton joined the Jets squad from the under 18s giving the Jets a mix of youth and experience.

The season started with a tough road game against league champions Telford Tigers. Jets fell 7-4 to Telford with the one bright spot an impressive debut from Bruton who picked up a hatrick not long after his 16th birthday.

Owen's early season displays saw coach Mike Roddy loan him to Hull Seahawks for the remainder of the season, although he continued to train and play wherever possible.

Two way contracts were also sorted with Widnes Wild for Kohen Taylor and Adam Jasecko, whilst Ethan Daintith signed with Deeside Dragons.

Following the Jets loss to Tigers we embarked on a 11 game winning streak, which saw us book a cup semi final spot against Sutton Sting. Coventry Blaze were the only other side to take points off Jets as a depleted squad lost 4-3 against a much improved Blaze side.

After Christmas Chris Hogarth and Gavin Tidy left the Jets due to injuries and the team were bolstered by the return of Richard Haggar and James Maughan.

The games after the Blaze loss saw us embark on another winning streak, beating Sutton over two legs to advance to the cup final before a road trip to Telford would prove to be a pivotal swing in the title race. Heading into game needing a win Jets ran out 6-1 winners and swung the title race back into our favour.

Jets would win their remaining games, including some closely fought battles to set up a title decider against familiar foes Telford. Jets running out 7-3 winners to win the title.

Coach Mike Roddy, "The league win in 2019/20 was great but was never celebrated or really recognised with what was going on in the world. It was great being able to win it at home in front of friends, family and the amazing support we have built over the last few years at this level. We've had a great season and continue to build on and off the ice for the future."

NOTTINGHAM LIONS 2

taken from the EIHA Play Off Finals programme

2022/23 was the second season for the Nottingham Lions NIHL 2 team.

Whilst there were some returnees from the team's inaugural season, overall there were significant changes to the squad with 19 previous players not returning this year. As a result, Lions 2 have continued to build on their foundations.

The season started with a win against Sutton Sting followed by a high scoring game against the Bradford Bulldogs with the end result being 10-9 in the Bulldogs favour.

As the season has progressed results have not always gone the Lions' way, having chalked up only 5 wins and one overtime loss, but those that have been involved in the games would agree that the team have performed well and games against all but the top two teams have been closer affairs than the scorelines sometimes suggested.

NOTTINGHAM LIONS NIHL 2 REG SEASON 2022/23

SUTTON STING

by Matt Jeffcock

Finishing a very respectable 3rd place once again behind Hull and Telford, we thrive on having such a homegrown team with 85% of our senior team coming through the juniors and most importantly giving our under 18's a pathway through to senior ice hockey in the UK.

As far as this season goes... We started pre season nice and early and it was a definite success playing Widnes and Billingham both away in challenge games, giving no fewer than 5 juniors their senior debuts.

The objective for the season was to challenge for silverware, reach the cup semi finals challenge for the league title which I firmly believe we had the team to do if we all turned up every week. However our early season form wasn't what we were expecting & to this day I can't put my finger on why we started off so badly the way we did. Maybe it was down to trying to mould new players in and develop some of our youngsters. But we just couldn't find the clicks needed and that showed in our first 6 games going 1-5.

Realistically from that point onwards we would have had to go unbeaten due to the strength of Hull and Telford as we knew they wouldn't drop many points all season. We beat Telford away in OT, which was a huge result for us and that sort of kickstarted our season, the belief was there and we started to turn the corner. Through 10 games we went 3-7 which still saw us second bottom of the league and I remember thinking we must make things happen or the season will be over before the halfway mark!!

The wins we were putting together at this stage of the season were all in the cup so we found ourselves finishing second in the cup group and into the semi finals against Hull (again). We put up a really good 2 leg effort against Hull and we could really start to see what we knew we were capable of

* = 2019/20 Season in North 1

From the turn of the year our playoff spot was still under real pressure as we sat in 6th place a long way behind Altrincham and Sheffield at the time, but we had games in hand so our destiny was still in our own hands. We went on a 7 game winning run and managed to seal our playoff spot for the second successive year with 5 games remaining.

Thanks to our sponsors who with your help we manage to keep subs (yes, every single player pays their ways) at a reasonable amount and allows us to keep allowing these kids the pathway into British senior ice hockey. Our game day volunteers and everyone else involved with the Sutton Sting ice hockey club, thank you for everything and I can promise we will continue giving it our best for this magnificent club.

Before we wrap this up and focus on the hockey I just want to say a huge thank you to my managers Jan Akers and Richie Muzzy, who put in so much effort, time and commitment off the ice to ensure we fulfil fixtures and allow me to focus on the game. We have conversations throughout the week and we work so well for this team and I hope it can continue for many years to come. I have not enjoyed Ice hockey as much since I was a kid and that's a big testament to our team and ethos we have created. We are like a team of brothers/sister and we won't give up on this journey anytime soon !!

TELFORD TIGERS NIHL 2

taken from the EIHA Play Off Final programme

After being crowned Laidler League Champions for the 2021/22 season, Telford Tigers 2 were looking to pick up where they finished and continue into the new season with success.

This season was sure to be an exciting one, having been in the running for several pieces of silverware last season and being crowned League Champions. Once again, Tigers 2 side have had a strong driving force behind them. Backed by a solid coaching team in Scott McKenzie and Dougie Wildman and a reputable club structure, the team were given the platform to be successful from the get go. Tigers 2 had a resilient start to the season, delivering results that were pleasantly surprising to hockey fans in the Midlands including a pre-season win against local rivals Solihull Barons who sit in the North 1 Moralee League.

With the season's roster being built from a foundation of existing core players, the coaching team were pleased to see both new and longstanding faces join in with the triumph and camaraderie that came from the team's winning ways. Notable names who returned to pull on a Tigers jersey included James Smith, Joe Aston and Daniel Harrison, all of which had a warm welcome back to Telford, slotting into the roster both socially and competitively with ease.

The Laidler side faced some challenging fixtures yet again and the well earned table position didn't come easy with each game being fast paced and physical. The physicality of each game showed the team's focus and passion for each result, however it did mean injuries would be inevitable. Tigers 2 were disheartened to see the season end early for Slovakian forward Filip Supa after he suffered a serious in game knee injury. The Laidler side were also without other key players for several weeks throughout the season no thanks to broken collar bones, broken fingers, ACL operations and multiple concussion injuries. Despite the partly depleted team, Tigers 2 maintained a consistent top spot in the league table from the start of the season with an overall win percentage of over 84%. Though, the success on the ice wasn't just down to the outfield players, with netminders Zack Brown and Oli Johnson, both putting up save percentages of over 90%

Out of the thirty-one competitive games played in the 2022/23 season. Tigers 2 only lost 5 games, coincidentally being to the other Final Four sides; Hull Jets, Sutton Sting and Altrincham Aces. Both Sting and Aces managed to take points early on in the knock out stages of the Laidler Cup Competition.

As it did last season, clinching the first piece of silverware for the 2022/23 season came down to the final weekend of league action. Having suffered two league defeats to Hull Jets already Tigers 2 needed a four goal advance on the Jets in their final exchange to retain the League title. In the most anticipated game of the season, Tigers 2 travelled to Hull where the Jets scooped up the win allowing them to reclaim the Laidler League title.

PLAY OFF FINALS

(1) Bristol Pitbulls vs (8) Cardiff Fire

First Leg, 25th March 2023

Bristol Pitbulls 7-3 Cardiff Fire

Second Leg, 26th March 2023

Cardiff Fire 1-1 Bristol Pitbulls

Bristol beat Cardiff 8-4 on aggregate

(4) Peterboro' Phantoms vs (5) Invicta Mustangs

First Leg, 25th March 2023

Peterborough Phantoms 1-3 Invicta Mustangs

Second Leg, 26th March 2023

Invicta Mustangs 7-8 Peterborough Phantoms

Invicta beat Peterborough 10-9 on aggregate

(2) Guildford Phoenix vs (7) Streatham Blackhawks

First Leg, 25th March 2023

Guildford Phoenix 8-2 Streatham Blackhawks

Second Leg, 26th March 2023

Streatham Blackhawks 6-3 Guildford Phoenix

Guildford beat Streatham 11-8 on aggregate

(3) Haringey Huskies vs (6) Swindon Wildcats

First Leg, 25th March 2023

Haringey Huskies 8-2 Swindon Wildcats

Second Leg, 26th March 2023

Swindon Wildcats 3-1 Haringey Huskies

Haringey beat Swindon 9-5 on aggregate

First Semi Final

1st April 2023

BRISTOL PITBULLS 2

by Lois Leach

What an exciting season for the Bristol Pitbulls NIHL2! Truly the underdogs this season, the Twos' rise to the top was unexpected after previous years of finishing lower down the table. The Pups became the Big Dogs after showcasing their skills, will to win and high team morale.

It has to be addressed - there was drama, discussion and slanging matches when it came to announcing this year's League Champions. As we've seen from the EIHA statement, many games were awarded to multiple teams, with the Twos fulfilling all home fixtures. Bristol Pitbulls NIHL2 took the title - well deserved after months of hard work from a team that put in the hours, gelled as a great group of guys and ultimately out-played the opposition this season.

Let's go back to the beginning. The initial games in The Pound would set the tone for the 2022/23 season. We would see a new look to the Bleed Blue Two clan, with fresh faces, Bristol legends and fan favourites in the line-up brought together by Head Coach, Stu Spells. A mixture of young, dynamic and puck hungry players along with well drilled and experienced guys from a variety of backgrounds. With 11 home wins and only 2 home losses this season, The Pound has been electric. The team rocketed to the top - assisted by the unrivalled support, cheering and noise from the Blue Army - you really are the 7th man on the ice.

With just 1 away loss to Guildford Phoenix, Bristol have been true contenders and leaders of the table throughout the season. After winning the league, the Twos turned their attention to Playoffs, with the top 8 teams ready to battle it out. After the final results came through, Bristol would face Cardiff Fire at home and away in the Quarter Finals weekend.

The 25th and 26th of March couldn't come quick enough - Bristol had their sights set on glory and were ready to douse the blaze. Saturday's game saw the self proclaimed "Bogey Team" visiting The Pound first.

Cardiff were pipped to the post, with the Pitbulls winning 7-3 at home after a chaotic and aggressive display from the visitors. On Sunday's away, the teams were much more level, the puck moved end to end and both teams had excellent chances. Despite a series of games where they mistook "rink" for "ring", Fire's fists could not win them a place in the final four. Sheppard saw his team extinguished, which made for a weekend to remember, as Bristol continued their winning streak with an overall 8-4 win on aggregate.

With all eyes on the Finals weekend, Bristol's Twos made their way to Alexandra Palace. Captain and Pitbulls luminary, Olly Shone, led his team on a quest for victory, ready to contend with the top talent in South 2. Saturday's game saw an early start for the Twos with an afternoon puck drop against the Invicta Mustangs in the Semi Final. The Stangs had been defeated twice already by Bristol, though the Twos knew to keep their momentum going, against the always tough and intense Invicta side.

Invicta came to win. From the very start, the Mustangs were desperate to get the puck on goal. They were fast, physical and were so excellently drilled, it was quite clear who would come out on top. With two quick goals in the opening period, the Mustangs took the lead from the get go. The Blues battled hard and soon after, their efforts came to fruition - a perfect pass from Nathan Chilcott found its way to Viktor Langseth. Langseth took the shot and sent a bullet past Wyatt, bringing the scoreline to 2-1. At this point there was hope amongst the team and fans, we'd come back from worse before - winning this game was still very doable. Nevertheless, the invincible Invicta came back again and again and again. The goals totted up to 7-1 by the final buzzer, with the Pitbulls' playoff hopes diminished. Invicta were the better team that weekend. Bleed Blue Two fans kept the noise, the belief and cheered their League Champions right to the last whistle.

2022/23 has been a season that will go down in history for Bristol NIHL2 and to make it to the ever anticipated Wilkinson weekend at Ally Pally was the icing on the cake of a fantastic season. The Bristol Pitbulls 2s deservedly raised the League Champions trophy, after a dominating 21 wins this season.

by Chris O'Brien

Cardiff Fire's head coach Elis Sheppard was honest in his assessment of the 2022-23 season - admitting his team had "massively underachieved" on the ice this year.

His honesty is testimony to his integrity and maturity. Shep took on the Fire hot seat this season at the age of 25; replacing the vastly experienced Mark Cuddihy, who remains a trusted confidant as the club's director of hockey.

Shep delivered his assessment as the league campaign came to a close with a surprise 6-4 home loss at the hands of a spirited Solent Junior Devils side, who were delirious when the final hooter sounded in the Welsh capital.

It was a game which also marked the conclusion of a six-match suspension for Shep. The ban forced him to spend the final 2 months of the season off the ice; but Fire's boss still lived and breathed every moment as if he was still the starting defenceman.

CARDIFF FIRE REGULAR SEASON 2022/23					
2022/23 REC: 10-13-0-1, 8th in South 2					
PP%	21.43%	7th	PK%	76.56%	8th

SHGF	1	t-10th	SHGA	2	t-3rd
S%	13.52%	4th	SV%	.885	8th
Top Point Scorer			31 - Kristians Kasjanovs		
Top Goal Scorer			20 - Kristians Kasjanovs		
Top Assists			17 - Lewis Stevens		
Top Penalty Minutes			79 - Cedric Racine		
Top Wins			6 - Ben Scanlan		
Top Goals Against Average			4.96 - Ben Scanlan		
Top Save Percentage			.889 - Ben Scanlan		

And while his Fire team ultimately clung onto a playoff spot - finishing eighth - even the most optimistic fan would admit this season's on-ice return has been - to use a technical term - a bit average.

It's been a season of change - but still one peppered with big contributions. Kristians Kasjanovs has top scored with an impressive 20 regular season goals, while Lewis Stevens - stepping up as captain to replace Shep this season - has bagged a valuable 13 goals and 17 assists.

Netminders Carwyn Jones and Ben Scanlan have both produced some really big performances, in an entertaining tussle for the goalie spot. Scanlan even got an Elite League call when the Fife Flyers visited the Cardiff Devils. Elsewhere, youngsters such as Arthur Luceau, Simon Sulc, Tobias Gale and Robert Price all joined the roster as the club build for the future.

* - 2019/20 Season in South 1

Yet, before the unplayed fixtures were unfortunately calculated off the ice, Fire finished up with only nine wins and 13 losses in their season's account. This included seven home defeats at an Ice Arena Wales that has so often been the team's fortress in the past.

Despite that end-of-season loss to Solent, the #FireFamily were in fine voice in Cardiff, producing one of the best home atmospheres of the season. While results this season clearly haven't been what those Fire fans would have hoped for, the playoffs offer the chance to wipe the slate clean and still make 2022-23 a season to remember

Because when sports fans look back through the history books at what their team has achieved - they rarely remember anything that's been a bit average. Instead, they remember the highs - and the lows.

Fire produced some epic highs this season that ice hockey fans in the Welsh capital may never forget - and they happened to be against local rivals!

Back in October, Fire produced a memorable late show to beat bitter rivals Bristol Pitbulls on the road; maintaining their perfect record at the new Bristol rink and claiming another famous win in a Severnside derby fixture that has so often favoured the South Walians.

Wind the clock forward to January, and things got even better - in another derby. Fire were down and out, trailing 5-0 to Swindon Wildcats, with 45 minutes on the clock before producing an incredible late comeback, inspired by a hat-trick from 'The Doctor' Chris Fox. Netminder Ben Scanlan and Iwan Davies - whose infamous hard shot helped him score 15 times during the regular season, were the heroes in the shoot-out. Fire somehow had turned the game around, and secured a two point return that would prove crucial in edging out Chelmsford for the final playoff spot.

CHELMSFORD WARRIORS

by Fabrizio Tessadri

In just their 2nd season back on the ice, the ethos of the team continued to be the development of a core number of academy players as a stepping stone into the senior Chieftains side.

Injuries and suspensions played a major part over the course of the year, frustratingly no player played in every game this season. Losing a couple of players to work commitments and the late decision of Boolkah to join the Huskies stretched numbers even more as the season progressed. The defence was further depleted when Ritchie Pickering stepped up to play with the Chieftains full time, with injuries to Sylvester and Moore and suspensions during the course of the season for Green, Lloyd and Walton, defensive lines were never stable and that showed during games.

Warriors found themselves facing an average of almost 49 shots per game, which is something that will need to be addressed next season. Two away wins all season and a lack of numbers being able to travel longer distances is also something that will need to be improved upon if the team has desires to challenge.

For all the disappointment there were significant highlights throughout the season. This was a side that beat the playoff champions Invicta Mustangs in their own barn, beat Guildford and held out for so long against Haringey. Abbie Sylvester capped a decent season by being selected for GB ladies in South Korea and Frankie Clover made his Chieftains debut.

Captain Jordan Ho shared the players player of the year award amassing 34 points in his 18 games and sharing that award with Scott Davies who backstopped heroically in his first season at the club. There were more juniors given the opportunity to play senior hockey as they turned 16. Rhys King, Tom Brockbank, Sam Bethell Higgins and Jake Rickett all made their debuts this season, joining Moore, Beckett, Clover, Tessadri and Powell as academy players in the senior ranks.

Next season promises more of the same with regard to development. The current Chelmsford U16s have been battling it out at the top of the league this season and qualified for the National finals. Some exciting young players will be joining the ranks and furthering their development in senior hockey with the Warriors as they turn 16.

HARINGEY HUSKIES

by Tom Pink

It's been a good year, all told.

As fans we want to see our teams compete and give their all every game, and we've certainly had that and more this year from the Huskies. We're lucky enough to have a team here that's capable of being in contention for South 2's biggest honours, which as fans we should never take for granted.

What stopped this league season from being great, as opposed to just good, was our inability to beat our closest rivals. It was Guildford the year before, and it was Guildford again this year with the addition of a much-improved Bristol.

In some ways our performance in the league was similar to last season's; overall we played some really nice hockey and won the majority of our games, but just came up short in the big ones. Finishing runners-up last year in the league, cup, and playoffs was great from the perspective that we progressed so far in each, but draining and frustrating that we weren't able to get any of them across the line.

For an age the league was very much still on. We had a mixed start to the season, losing three of our first eight games. Bristol and Streatham away were poor performances, losing 4-1 and 3-1 respectively.

We gave a much better account of ourselves in the Bristol home game, and it's a coin toss when it goes to overtime. But the Bristol forwards were ruthless, and we come away with 1 point.

It's a 10-game win streak that sees us take momentum into the New Year. What a ride that was. Ice hockey is on the rise in N22. In the short time I've been coming along since 2018, a lot has improved. The crowds are consistently larger and noisier, and there's a dedicated following both at home and on the road.

We're absolutely flying, with big wins over Chelmsford, Swindon, and Cardiff. There's belief. But the Guildford double-header weekend pretty much ends any hopes of finishing top. Two mixed performances, and the away game especially tough to take as we eventually go down 1-0.

We had some incredible games and moments this season though; the Streatham 5-1 win at home is some marvellous revenge, the double over Invicta winning 4-2 in both, the last-minute winner on the road at Swindon, and getting caught in the snow on the way back from Cardiff!

It's the 5-4 OT win against Peterborough which has to be at the top of the list though. A brilliant display from both teams, but for us to take the two points with 5 seconds left was incredible, and such a relief to get the OT win and the albatross off from around our necks.

We saw some big individual performances this year from our debutants, who have bedded-in really well. Marton Szasz seamlessly slotted into our forward line, bagging himself a hatful of goals in the process. Jaden Boolkah returned and has offered dynamism, speed, and guile. Young Corey Taylor looks to be a real prospect, now and in the future.

The finals weekend is bittersweet. I said in my review for the Huskies' website that we shouldn't lose sight of the 2-0 semi-final win over Guildford Phoenix on the Saturday and I still absolutely believe that. It's vindication, It's redemption. It's Hollywood. It's romance.

We all knew Haringey were capable of it. It was the performance and result we'd seen in our collective minds' eye. The shutout Luke Clark had been due. The culmination of two years' work trying to learn how to beat this Phoenix side. It's what we're all in this for.

But if you're going to insist on constantly being amongst the biggest games of the season, you've got to accept that you're not always going to win. There are too many

good teams in South 2. That's what made last season in particular so engrossing.

Sadly, the final comes a day too late for Haringey. The Mustangs run out 7-1 winners and were far too good and much too much for the rest of the final four. Our wait goes on for silverware in the new-look South 2. I would be more concerned if we weren't in the conversation, but to have consistently gone as far as you can two years running fills me with some hope. Eventually one's going to drop for us.

We get the highs, but we also get the oh-so-lows.

That's the agreement we make as fans. And the players as well. These lads put so much of themselves into this for the majority of the year, it will always be disappointing when you don't achieve what you set out to. And so in life. We'll lick our wounds, pick ourselves up, dust ourselves off, and go again.

Away from the ice last year, huge progress was made. Haringey fans can point to a concerted effort from Alexandra Palace to promote the club, as well as the recent installation of plexiglass at the rink. The Huskies also made it onto prime-time TV with an appearance on Dancing on Ice, which can only help build the club's profile. From the outside looking in, I think that we are incredibly lucky to have such a positive relationship between club and rink, and long may it continue.

INVICTA MUSTANGS

by Andrew Bell

After finishing 5th in the 2021/22 regular season and losing to the Haringey Huskies in the play-off semi final, the Mustangs had unfinished business heading into the 2022/23 season. Head Coach Ali Rodger was pleased to see the majority of his squad return for the new season, and selected Kevin Lake to continue as captain in his 11th campaign with the team. Defenceman Regan O'Neil and centreman Jake Stedman both took on increased responsibilities as alternate captains. Rodger expanded his coaching team and was joined on the Mustangs' bench by Darren Carter, Lewis Carter, Dave Gibson and Mike Kindred.

On the ice talented netminder Kieran Wyatt earned the starter spot between the Mustangs' pipes, backed up by the versatile Lucy Gruber. On the blue line O'Neil was joined by the experienced Tom Dennis and hard-hitting Jarvis Mewett, alongside a group of younger D-men in the form of the powerful Sam Oliver, the composed Matty Bell and rookie Joe Gibson. The defensive unit was also supplemented with physical forward Arron Ferris when required following the mid season departure of Michael Stokes.

Up front the return of sniper Joe Bliss, the skilful Kwame Holt and speedster James Laming, ensured the team would retain its offensive threat. The return of tricky winger Ed Stedman and the addition of forward Luke Thirkettle offset the loss of young forward Eddie Gibson for the season through injury. The forward group was completed with the returns of dependable centreman Brad Gutridge, forechecking winger Anthony Baskerville, the hard-working Tommy Mallet and the reliable Jack Rowland. Wes Jackson also played when available, but unfortunately would see his season cut short through injury.

The Mustangs started the season with comfortable wins against the Basingstoke Buffalo and the Lee Valley Lions, before an impressive 4-3 home victory against the defending League, Play-Off and Cup winners, the Guildford Phoenix. The Mustangs then won at the Solent Junior Devils, before losing their first game of the season 4-2 at home to the Huskies.

Invicta bounced back with wins against the Swindon Wildcats, the Peterborough Phantoms, the Cardiff Fire and the Lions, before losing three consecutive close games against teams at the top of the table; first at home to the Bristol Pitbulls (6-4), away at the Phoenix (2-0) and at home against Peterborough (5-4 O/T). Invicta rounded off the first half of the season with wins against the Chelmsford Warriors and the Junior Devils before the Christmas break.

The Mustangs started 2023 with disappointing back to back away defeats in the same weekend against the Streatham Blackhawks and the Wildcats, and those results realistically ended any fading aspirations of winning the League. However, a four game win-streak at the Buffalo, at home to both the Fire and the Blackhawks, and away at the Oxford Rising Stars, ensured Invicta stayed in touch with the leaders at the top of the table and more importantly in the hunt for play-off places. Depleted in the final months of the regular season by a combination of injuries and suspensions, the Mustangs suffered an away defeat to the Pitbulls (6-3) and before winning at home to the Rising Stars. Defeats in the final two games to Haringey (4-2) and at home to the Warriors (3-1) saw Invicta finish the league in 5th place, and set up a play-off quarter final against the 4th placed Peterborough Phantoms.

In the first leg at Peterborough the Mustangs secured an impressive victory with a disciplined performance against a strong, hard-working Phantoms team. Goals from Luke Thirkettle, Anthony Baskerville and Matty Bell secured a 3-1 win, and gave Invicta a slight advantage going into the second leg the following night.

Planet Ice Gillingham was rocking for the return leg, which would be the Mustangs' final home game of the season. The large, noisy crowd got their money's worth in a game that would prove to be much more open than the 1st leg chess match. The first period ended 2-2 (5-3 on aggregate), with Invicta goals from James Laming and Aaron Ferris.

A wild 5-2 second period in favour of the Phantoms, meant the score on the night was 7-4 to Peterborough and 8-7 in favour of the visitors on aggregate. Jake Stedman and Regan O’Neil scored the Mustangs 2nd period goals. However, Invicta didn’t let their heads drop, and roared on by the home crowd, goals from Thirkettle and a brace from Laming (completing his hat-trick), meant the Mustangs made it through to Play-Off Finals weekend, with a 10-9 aggregate win, despite losing 8-7 on the night.

The following weekend the Mustangs’ army of fans made their way to Alexandra Palace for the NIHL Wilkinson Division Play-Off Finals, where Invicta would face regular season league winners and top seeds, the Bristol Pitbulls. Despite two close games in the regular season, the Pitbulls had won both encounters, and the Mustangs would have to be at their best.

The Mustangs came out flying and played a tight checking game to restrict their opponents. Invicta raced into a 3-1 first period lead with goals from Regan O’Neil, Kev Lake and Jake Stedman. The Pitbulls knew they were in a game, a double from Joe Bliss in the 2nd period only confirmed this, as the Mustangs’ lead was extended to four goals after forty minutes. Invicta remained in total control of the game in the 3rd period, and further stretched their lead to an unassailable six goals through Kwame Holt and a second from O’Neil. At the final buzzer the 7-1 scoreline in no way flattered the Invicta performance, and while the fans celebrated loudly, the Mustangs players and coaching team knew the job was only half complete.

Ally Pally was packed for the Sunday final, and despite being outnumbered by the Huskies supporters, the Mustangs’ army were in fine voice when they welcomed their full-strength team onto the ice. Once the opening puck was dropped it was a case of deja vu from 24 hours earlier, as the Mustangs again came storming out of the stables to shock the Huskies and race in to a four goal lead, with goals from Joe Bliss, James Laming, Kev Lake and Jake Stedman (SHG).

As expected Haringey pushed back upped their physicality in the 2nd period, scoring their first goal. But the Mustangs weathered the storm and held firm, with a disciplined defensive game, backed up by an assured performance by Kieran Wyatt in the Invicta crease. Laming broke away to score his second of the game and re-establish a four goal lead, to leave the score 5-1 Invicta after 40 minutes. The 3rd period continued as the 2nd period had ended, with the Mustangs looking increasingly comfortable and restricting Haringey’s efforts to find a way back into the game. Within eight minutes of the final period starting Laming registered his hat-trick goal, and then went one better to score his fourth of the game and put the Mustangs 7-1 up.

Although the Huskies did scramble a second goal late on, they had no bite and Invicta comfortably let the clock run down. At the final buzzer, helmets, gloves and sticks flew in the air as the Mustangs players descended on Wyatt's crease, the coaches punched the air and Invicta fans went wild.

During the brief lull as the organisers readied the presentation of the cup, the realisation of what this Mustangs team had achieved started to sink in with the players, coaches and fans in attendance. Euphoric celebrations soon kicked in again as captain Kev Lake lifted the cup, the team were showered with faux-champagne and Ali Rodger triumphantly celebrated with the fans and his coaching team.

The Invicta Mustangs, a team made up exclusively of former Invicta Juniors and players who are local to the Gillingham rink, had achieved their goal. In recent times they have faced the loss of both a brother and a coach, and it is the unbelievably close bond that exists throughout the team that has helped them through these losses. It is this bond coupled with, talent, sheer hard work, and a determination to succeed, that made getting to the play-off weekend possible. And as a result of two faultless and unforgettable performances the Invicta Mustangs are the 2022-23 Wilkinson Division Play Off Champions.

OXFORD RISING STARS

by Ian Dibley

A brand-new team for a new season -Who would benefit from the new team?

The team was launched to bridge the great divide between the Under 18 Oxford Junior Stars and the NIHL1 Oxford City Stars. This was seen by many as the most important announcement to come out of Oxford in the Summer of 2022. With the links that the Oxford City Stars had made with Bristol Pitbulls and their links with Cardiff Devils it gave a continuous pathway from Junior to Elite Hockey.

How would they do? – Who would they sign? Under the Directorship of former Oxford City Stars Directors Paul Lynch and Russ Shrivs they appointed Coach Warren Jones. The former Stars player had been playing and assisting with the coaching at Basingstoke Buffalo, so was a natural fit. The team was going to need some experience to supplement the Under 18 players and so Rising Sam Arnold and made him Club Captain. With over 100 games for the City Stars, he had most recently been playing Recreational hockey. They also bought in former City Stars player Jason Ikin and Oxford legend Andy Cox. Availability for Cox, was to be an issue as he soon returned to Recreational hockey.

OXFORD RISING STARS REG SEASON 2022/23					
2022/23 REC: 6-16-2, 10th in South 2

Top Goal Scorer			11 - T.Bundock/ E.Crotty		
Top Assists			13 - Ciaran Wilson		
Top Penalty Minutes			64 - Ciaran Wilson		
Top Wins			5 - Ben Mollitt		
Top Goals Against Average			5.74 - Ben Mollitt		
Top Save Percentage			.873 - Ben Mollitt		

The team attracted some new players to the Oxford set up. Ashlee Cave arrived with Chelmsford and Haringey on his CV, amongst others. Former Bracknell Junior Ben Mollitt was signed as starting netminder with Tony Sutherland also donning the blocker and catching mitt. Youngsters Caden Hughes and Morgan Wickens joined, having previously been part of the Milton Keynes Junior set up.

The season opened with a visit to the previous seasons' champions Guildford Phoenix. The points were left in Surrey as the home side won 7-1. The following night the Rising Stars defeated Chelmsford Warriors 5-3 on home ice, in front of a bumper crowd, interested in seeing what the Rising Stars were all about.

A mixture of wins and losses up until November and things seemed to be going well. Some of the Under 18 players, like Charlie Roche, were getting ice time that would stand them in good stead, later in the season when they also iced for the City Stars. November and December saw an overtime loss to Cardiff Fire and a win away at Solent by 8-4, give the team scant rewards for their efforts.

Into the start of 2023, and the line up was depleted when Theo Bundock and Scott Anda moved, full time, to the City Stars. Results did not improve with the only victory in 2023, coming against Lee Valley. Various other former City Stars players were bought in but failed to find that spark that was required to reignite the season. Rising Stars top scorer was shared between local players Ed Crotty and Ciaran Wilson. Wilson also accumulated the most penalty minutes for the team.

Overall, the season was a qualified success, with the first steps on that bridge taken. Moving forward, the mixture of experience and young players may need a little bit of refining as the benefits of the improving Junior set up at Oxford, start to produce more young home-grown players to choose from.

SOLENT JUNIOR DEVILS

by Allison Smart

The NIHL2 team at Solent formed 3 seasons ago following the Solent Devils decision to play in NHIL1 and the need for a step between juniors and NIHL1.

We started the season with the loss of our head coach and the consistency that comes with having one, results in the first half of our season reflected this. In January, Solent Devils Defenceman, Harry Cloutman stepped up into the Team Head Coach role, the addition of Oli Cackett and Oli McGregor on a 2 way with Slough Jets who boosted the roster following a number of long-term injuries, the team found their game and the results came, with Solent winning 5 of the final 8 games.

The team are a predominantly young side and continue to learn from each game, they have remained upbeat during each training session and game. They bring an enthusiasm unlike any seen for a team sitting in the bottom half of the table.

SOLENT JUNIOR DEVILS REG SEASON 2022/23					
2022/23 REC: 5-17-1, 12th in South 2					
PP%	23.17%	5th	PK%	76.09%	9th
SF	32.08	11th	SA	51.88	13th
GF	3.3	12th	GA	8.43	12th
SHGF	3	t-7th	SHGA	11	13th
S%	9.87%	11th	SV%	.844	12th
Top Point Scorer			36 - Charlie Wedge		
Top Goal Scorer			24 - Riley Panter		
Top Assists			19 - Charlie Wedge		
Top Penalty Minutes			70 - Henry Smart		
Top Wins			3 - Rory Martin-Edwards		
Top Goals Against Average			8.35 - Tylor Campbell		
Top Save Percentage			.848 - Rory Martin-Edwards		

Memorable games this season were our 2 games with Lee Valley both going to overtime with each team winning one a piece, our final game of the season saw Solent travel to Cardiff with 2 lines to face a full team, Solent pulling an amazing 6 - 4 win.

STREATHAM BLACKHAWKS

by Gus Zimmerman

It has been a great season, and an extremely competitive NIHL2 South this year which has made for some fantastic hockey and an exciting title race. The gap between the top 12, and particularly top 8 teams in the league certainly diminished, with the feeling that any team on a good day could take points off another. Whilst the Streatham squad remained mostly intact from the 2021-22 season, we made some key additions such as Matthew Friend, Solomon Smith & Marius Nykstelis alongside a new crop of juniors from the Streatham Youth Ice Hockey Club (SYIHC) as our previous junior cohorts graduated to representing NIHL1 clubs full-time.

The goal of the club has always been to help develop the youth players at SYIHC, whilst playing competitive and fast paced hockey. We are delighted to have had juniors step into big minutes for team; all of whom have had opportunities to play and train with clubs at the NIHL1 level including: Aston Lacey, Emil Oksanen, Maksymilan Maslak, Artjoms Kazaks Preston Tombs and Ethan Lane. A huge congratulations from the club to all of them for their achievements so far.

The team had aimed for a top 6 finish in the league, with a focus of building towards a deep playoff run. To our surprise, the team found themselves in the running for challenging for the league at the start of the season. The year started in good form, with 7 wins out of the 8 games played including over Peterborough who proved last year to be a bogey side for the squad. A lone loss to Bristol, who had revamped their squad and proved to be title challengers this year, provided lessons to take forward. However, this was not to last, as fixture clashes and injuries contributed to a lack of availability for away games, hampering efforts to be competitive in the second half of the year. A tough string of losses against strong Swindon, Invicta and Guildford sides saw the side slipping down the league table, and attention now refocused towards the playoffs, where the true success of the season was to be judged.

We ended up matching up with Guildford, who were the one team we had not managed to beat, the ex-champions and are arguably the best team in the league. A shocker of a Saturday performance was made up for by a turnaround on Sunday, where the team showed their potential. Whilst it was not enough to complete the comeback, the victory ended up being a fitting send-off to the season and for Coach Zimmerman, who departs, with our first ever playoff win, and against Guildford no less.

We'd like to extend a massive thank you all the match day volunteers, fans and players for all their efforts and support this year, without whom we would not have been able to exist. We would also like to thank all of the other teams in NIHL2 South and their fans for your hospitality and creating a fantastic atmosphere during a competitive season.

Review by Chris Pryke

There were a lot of positives to take from the 2022/23 season for the Genting Casino Coventry Blaze and their fans. A fifth-place finish in the Elite League, coming out on top of a tough Challenge Cup qualifying group, and a team that bonded well and battled to the end of every game meant it was an enjoyable campaign at the Skydome Arena.

On the ice, the team had a radically different look to the previous season, with just six players returning, including imports Nathanael Halbert and Johnny Curran and established British players Ross Venus and David Clements.

Finnish netminder Paavo Hölösä took over from American CJ Motte and quickly became a fan favourite with his post-match victory celebration dive along the ice. As the season reached its climax, he was joined on the roster by Hungarian Miklos Rajna who shared the load between the pipes down the stretch.

Following the news that defensive linchpin Justin Hamonic would not be returning, Nathanael Halbert was given the captain's 'C' and led a revamped defensive unit. With coach Danny Stewart wanting the team to become bigger and faster on the back-end, in came four new imports – Brady Norrish, Garrett Johnston, Tanner Lishchynsky and Alexander Kuqali.

In the forwards, Luke Ferrara departed following two high-scoring seasons, as did popular veteran Finn Janne Laakkonen. Among the new arrivals were the vastly experienced Colton Yellow Horn, Swede Kim Tallberg and Canadian Marly Quince, while young British forward Nathan Ripley was given a full-time contract.

Despite all the positives, there was still a sense of 'what might have been' after big defeats in the first leg of the Challenge Cup quarter-final (0-5 away to Guildford) and the first leg of the play-off quarter final (1-5 at home to Cardiff) put paid to any hopes of further progress in both competitions. But, overall, it was an entertaining and enjoyable season.

Tallberg, who scored 30 goals in league and cup and scooped four of the club's end-of-season awards, was among the stand-out performers. Halbert and Curran both had career years and earned opportunities to further their careers in Europe as a result. Their form throughout the season also resulted in selection for the GB team that won gold in World Championship Division 1 Group A in

Nottingham, earning promotion back to the top pool in Czechia in 2024.

The forward lines all provided a goalscoring threat. Yellow Horn’s vision and experience were vital elements, and his presence was missed when he was forced out of the line-up for a few weeks following an injury in early March. Quince led the league in face-off wins and he, Mitch Cook and the impressive first-year pro Peyton Frantti all scored more than 15 goals across league and cup.

The defensive unit was solid, with Brady Norrish forming an impressive partnership with Halbert, Clements developing into a top-end British defenceman, and Johnston, Lishchynsky and Kuqali all proving reliable additions. Hölsä admirably shouldered the burden as number one netminder, finishing with a 90.72 save percentage, a 2.73 goals-against-average and six shutouts in 47 Elite League games.

Review by John Ross

The Flyers came into the season with the resolve to improve upon their last placed league finishes in the pre and post Covid seasons. Off ice changes got underway, the most significant of which saw Head Coach Todd Dutiaume, in his 21st season behind the bench, also take on the General Manager's role with enhanced coaching responsibilities afforded to Associate Coach Jeff Hutchins.

The off season once again saw a significant turnover in the roster with eight players retained, five of whom were homegrown. Flyers and Clan opened the EIHL season in Glasgow in the Challenge Cup with ten debutants in the Fife ranks but in what would be a consistent factor of the Flyers season there were also three players who sat out with early season injuries. A barnstormer of a game ended with Fife winning by the odd goal in thirteen and a hat trick by Shawn Cameron.

Points in three of their opening four Cup games, including one on the road in Belfast, gave the Flyers a solid start and progression as a seeded team to the knockout phase of the Challenge Cup was secured in early October with a thumping home win against the Clan. Coupled with a win on the road against the Panthers it was exactly the weekend the Flyers required having dropped their opening four games in the league.

During that time they were still without key centreman Mikael Johansson whose debut that weekend clearly injected a new dimension into the team. On the downside however it was confirmed that blueliner Simon Fernholm, who had played only two games, would be done for the season with a head injury. Jan Kloz was signed on a trial as injury cover but before October was complete a defining moment as leading goalscorer Shawn Cameron suffered a season ending ACL injury. Not to labour the scale of misfortune suffered by the Flyers with injuries they lost over 200 game days from their opening day roster – around 17%. Only two players were ever presents, Shane Owen and Bari McKenzie who also clocked up personal milestones with 300 and 700 appearances in the EIHL respectively.

Defenceman Seth Bafaro was added to a blueline that had already logged significant minutes as the month ticked into November. Kloz departed and Chris Gerrie was signed after being released by the Dundee Stars. Flyers picked up seven points during November and appeared to matchup competitively in games against the teams who occupied the bottom five places as the league starting to take the shape of a 'top' and 'bottom' five. December was a brutal month from a scheduling perspective with the Cup quarter final ties against the Stars bringing the total to 13 games in 29 nights.

A heavy schedule for a fully healthy roster and when the Flyers went to Dundee in the first leg of the Cup they handed Liam Blackburn a debut but barely had two lines and were forced into playing

blueliner Christian Hausinger as an emergency winger. The aim was to keep the tie alive for the home leg and in dramatic circumstances Hausinger bagged a hat trick in a 4-4 tie. The second leg was equally climactic going all the way to a penalty shootout with another hat trick hero, Zack Phillips, also scoring the clinching penalty shot. The Cup was something of a distraction from league play which yielded only two wins from the 11 games and included being shut out in back to back road games in Nottingham and Belfast. The Flyers unfortunately lead all teams this season in being shutout, 11 times, and with the same number of short-handed goals conceded - another unwanted stat. Going into the New Year Blackburn was released and mid-month Kamerin Nault eventually joined the team after some visa hold ups. Scott Henderson was also added on a two way from Solway. With a much lighter schedule the team returned a .500 record for January which included taking a one goal lead in the Challenge Cup semi final first leg. Into February and Liam MacDougall was the final addition to the roster giving the Flyers an unprecedented two spare imports for the remainder of the season. A win against Manchester unfortunately didn't herald a continuation of form as only a single point was picked up in the next six games. The season highlight was the stunning shootout draw in Sheffield as the Flyers reached their first ever Challenge Cup Final, the first for a Scottish team also in the EIHL era. From that game and including the Cup Final, that kicked off March, the Flyers next win was eight games later against the Panthers and the battle with the Clan for the final play off spot went the way of Glasgow as the Flyers missed the play offs for the second consecutive season.
